Windstream	Telephone Service	1765.24

All Ayes

There were no "Applications for Approval of Underground Construction on Delaware County Right-of-Way" submitted for approval.

Motion made by Madlom, second by Ries and carried to acknowledge receipt of the following manure management plan updates: Jean Link, GLW Family Partnership, in Section 10 of Coffins Grove Township; JB Investments, Reth Site, in Section 3 of South Fork Township; JB Investments, JB Site 2, in Section 32 of South Fork Township; Premier Pork, Premier Pork #2, in Buchanan County; Premier Pork, Premier Pork #3, in Buchanan County; an Mouw Family Investments LLC, Orr Site, in Section 25 of Hazel Green Township. All Ayes

Treasurer Carolyn Wilson gave the Treasurer's Monthly Banking & Investment Report. She stated that \$14,753,105.69 was invested in various banks across the county on behalf of all taxing entities. She pointed out that \$6,090,000 these funds is the bond proceeds for Lake Delhi. In the investment of these funds, she solicited the assistance of Keith Kramer in sending out bid sheets of which she received only four (4) back. She will be able to put the majority of the monies in a 1.5% Hi-Fi account with Citizens State Bank with the remainder to be in two (2) certificates of deposit at Community Savings Bank. In order to do this, she will need the Board to consider amending the county's depository resolution.

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the Treasurer's Monthly Banking and Investment Report showing that on July 2, 2012, \$14,753,105.09 was invested on behalf of all taxing entities in various banks across the county. All Ayes

Motion made by Ries, second by Madlom and carried to approve the following amendment to the Depository Resolution:

**RESOLUTION
 NAMING DEPOSITORIES**

BE IT HEREBY RESOLVED, that the Delaware County Board of Supervisors of Delaware County, Iowa, approves the following list of financial institutions to be depositories of Delaware County funds in conformance with all applicable provisions of Chapter 12C of the 2009 Iowa Code. The County Treasurer and other county officers, as shown below, are hereby authorized to deposit the Delaware County funds in amounts not to exceed the maximum approved for each respective financial institution as set out below:

<u>Depository Name</u>	<u>Location of Home Office</u>	<u>Maximum Bal. (Prior Resolution)</u>	<u>Maximum Bal. (This Resolution)</u>
<u>Treasurer:</u>			
GNB Bank (f/k/a First State Bank)	Manchester	\$ 12,000,000	\$ 12,000,000
Farmers & Merchants Savings Bank	Manchester	5,000,000	5,000,000
Heritage Bank of Delhi	Marion	1,500,000	1,500,000
Farmers Savings Bank	Colesburg	5,000,000	5,000,000
Citizens State Bank	Monticello	5,000,000	8,000,000
Community Savings Bank	Edgewood	5,000,000	8,000,000
<u>Auditor:</u>			
First State Bank	Manchester	20,000	20,000
<u>Recorder:</u>			
First State Bank	Manchester	100,000	100,000
<u>Sheriff:</u>			
Farmers & Merchants Savings Bank	Manchester	750,000	750,000
<u>Board of Supervisors:</u>			
Citizens State Bank	Monticello	100,000	100,000
Farmers & Merchants Savings Bank	Manchester	100,000	100,000
First State Bank	Manchester	150,000	150,000
Community Savings Bank	Edgewood	100,000	100,000
<u>Clerk of Court:</u>			
Farmers & Merchants Savings Bank	Manchester	750,000	750,000

This resolution is being adopted at a meeting of the Board of Supervisors of Delaware County, duly called and held on this 2nd day of July, 2012, a quorum being present, as said resolution remains of record in the minutes of said meeting and is now in full force and effect.

Delaware County Board of Supervisors

/S/ Shirley E. Helmricks, Chairperson

/S/ Jeff Madlom

/S/ Jerry Ries

Attest:

/S/ Carla K. Becker, Delaware County Auditor

All Ayes

Chairperson Helmricks addressed those present regarding the 2012-13 Insurance Package renewal for Delaware County. She stated that a work session was held last week with agent Pat Dolan to go over the insurance renewal figures. Overall, there is an increase of \$26,361 in the 2012-13 premium from the 2011-12 figures. Keeping in mind Mr. Dolan's advice, the county will continue to utilize its safety committee to help improve the safety of the county's workers and ultimately reduce the worker's comp premium as well. The Board will also be looking at other areas such as increasing the property insurance deductible and a possible reduction in coverage for valuable papers since all offices have been diligently looking at ways to digitally archive records.

Motion made by Madlom, second by Ries and carried to approve the 2012-2013 Insurance Package Renewal for Delaware County at a total premium of \$252,510. All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the following chairperson appointments to boards:

Adams & Hazel Green FD#1 Trustees

James Kinley to a three (3) year term expiring May 22, 2015 (retroactively to March 22, 2012)

Delaware County Conservation Board

Mike Schmitz to a five (5) year term expiring July 1, 2017

Eastern Iowa Regional Utility Service Systems (EIRUSS)

Jerry Ries to a one year term expiring January 1, 2013 (retroactively to January 1, 2012)

Eastern Iowa Tourism Council

Bev Rahe to a one year term expiring July 1, 2013

Jeannie Domeyer, Alternate to a one year term expiring July 1, 2013

Veteran Affairs Commissioner

Larry Beaman to a three (3) year term expiring July 1, 2015

All Ayes

Motion made by Madlom, second by Ries and carried to approve the following agreement with Penn Center, Inc.:

AGREEMENT

Agreement made and entered into this 2nd day of July, 2012, by and between Delaware County, Iowa (County) and Penn Center, Inc. (Center), to-wit:

WHEREAS, County is a governmental entity empowered under Chapter 331.301(1) of the 2001 Code of Iowa to exercise any power and perform any function it deems appropriate to preserve and improve the safety, health, welfare and comfort of its residents, and

WHEREAS, Center is a non-profit corporation incorporated in 1994 under the provisions of Chapter 504A of the Code of Iowa to provide care and services for mentally ill, mentally retarded and indigent persons, and is licensed by the Iowa Department of Inspections and Appeals, and

WHEREAS, the Center currently operates a facility which provides care and services for mentally ill, and intellectually disabled persons, said facility being known as the Penn Center Inc., and

WHEREAS, it is County's concern to ensure the provision of such services for Delaware County residents who are mentally ill, intellectually disabled, or indigent which are designed to assist such residents in reaching and maintaining their maximum functional levels and the living of their lives with dignity and respect, and

WHEREAS, it is deemed that the foregoing purposes and objectives can best be realized by continuing the administrative responsibility and fiscal control of the operation of the Facility to the Center.

NOW, THEREFORE in consideration of the foregoing and of the following mutual commitments, it is agreed:

1. The Center through its Board of Directors, shall have sole and exclusive authority and responsibility for the administration and operation of the Facility as a licensed residential care facility (RCF) for a term of three (3) years which shall include, but not be limited to, the exclusive fiscal, operational, administrative and program control over the Facility; the screening, admitting and/or discharging of residents; and the receipt of all monies received through the administration and/or operation of the Facility.
2. Center shall administer and operate the Facility in full compliance with all applicable laws and regulations promulgated by those federal, state, or local authorities having jurisdiction over the Facility and shall obtain and maintain such license(s), approval(s) and/or accreditation(s) as may be required there under. This shall also include, but not be limited to, the exclusive fiscal, operational, administrative and program control over the Facility; the screening, admitting and/or discharging of residents; and the receipt of all monies received through the administration and/or operation of the Facility.
3. In the administration and operation of the Facility, the Center shall:
 - (a.) assume full responsibility for the day-to-day operations of the facility, including all administrative and financial matters;
 - (b.) extend preference for Facility admissions to residents of Delaware County who are mentally ill, intellectually disabled, or elderly and indigent;
 - (c.) maintain its operation in keeping with the principals of ethical behavior as established by such organizations as the American Medical Association, the American Psychological Association, the National Association of Social Workers, and the American Nurse's Association;
 - (d.) complete all governmental reporting requirements and necessary documentation associated with claims for supplemental security income, state supplemental assistance, Medicaid, Medicare and other related financial matters for individual residents;
 - (e.) assist residents in applying for financial assistance for which they may be eligible;
 - (f.) maintain the Facility's status under license from the Iowa Department of Health.
 - (g.) maintain, during the term of this Agreement, general liability insurance for the entire facility and premises in the amount of Four Million Dollars (\$4,000,000) naming the County as an additional insured. Proof of insurance will be provided to the County.
 - (h.) maintain, during the term of this Agreement, professional malpractice insurance covering such employees as the Center deems warranted,
 - (i.) maintain, during the term of this Agreement, fire and extended coverage insurance on the entire facility and premises, and the personal property of County located therein naming the County as an additional insured to the extent of the County's interests, in an amount determined as sufficient to provide for replacement of the entire facility and premises. Proof of insurance will be provided to the County.
4. Coincidentally with the execution of this Agreement, the parties shall enter into a Lease Agreement for Facility property, both real and personal, located at 2237 245th St., Delhi, Iowa 52223. Said Lease Agreement and the terms and conditions thereof are hereby incorporated within this Agreement and made a part thereof.
5. County may inspect the Facility at reasonable times for the purpose of satisfying its obligations and responsibilities to Delaware County taxpayers and ensuring the provisions of this Agreement are being fulfilled. Provided, however, neither the foregoing provision nor any other provision in this Agreement shall establish any right in the County, nor shall the same be

- construed to establish any such right in the County, for the operation, administrative management, and/or fiscal control of the Facility.
6. The County will designate a qualified mental health professional who shall review client treatment plans, service plans, and progress reviews for the purpose of satisfying the County's obligations and responsibilities to Delaware County taxpayers and ensuring that the provisions of this agreement are being fulfilled. The Center will allow the County designee full access to the above records at reasonable times and shall obtain the appropriate signed release authorizing County access. Provided, however, neither the foregoing provision nor any other provision in this agreement shall establish any right in the County, nor shall the same be construed to establish any such right in the County, for the operation, administration management, and/or fiscal control of the facility.
 7. The Center may seek financial support from the County by making a request for funding through the budget process established by the Delaware County Board of Supervisors.
 8. In any year the Center receives or requests County funds the Center shall provide to the County, by November 1 of each year, two copies of the agency's audited financial statements prepared by a certified public accountant on a two year comparative basis. Said financial statement shall contain a supplementary schedule of functional expenses for the Center and a separate statement of County support received.
 9. In any year the Center receives or requests County funding, the Center may provide to the County's designee monthly statistics upon request reporting the number of Delaware County residents referred to the Center, admitted to the Center and discharged from the Center. Additionally, the Center may provide to the County's designee upon request the current range of ages and disabilities of Delaware County residents at the Center. The Facility Administrator may meet upon request with the County Community Services Director, the Director of the Mental Health Center, and others designated by the Board of Supervisors to discuss mental health issues and other issues of mutual concern.
 10. The Center may request County funding for any individual client determined to have Delaware County legal settlement. In any case where County funding is requested, the Center shall provide County with a completed "Request for Funding" form, including a properly executed consent to release of information form, (Exhibit A.), and completed Central Point of Coordination application. Upon receipt of the completed documents, County shall determine whether County funding for the individual client will be approved.
 11. Center may request County funding of eligible medical expenses of those Center clients with Delaware County settlement and without either Title XIX funding or private insurance. In any case where County funding of eligible medical expenses is requested, the Center shall indicate the request by marking the appropriate line on the "Request for Funding" form, (Exhibit A.) Upon receipt of the completed form, County shall determine whether County medical services funding for the individual client will be approved and whether any limitations apply to the funding.
 12. County shall provide written authorization to Center for each client the County agrees to fund pursuant to this agreement. County shall have the right to rescind said written authorization as to any client upon thirty-five (35) days written notice to Center.
 13. If the Center receives reimbursement for the care of an individual client from any source of payment, which was not identified on the "Request for Funding" form, the total amount of reimbursement so received shall be subtracted from the amount of County funding requested.
 14. For the first fiscal year of this agreement the RCF gross per diem rate billable to Delaware County shall be \$95.49. The gross rates for each subsequent fiscal year shall be adjusted by the County on an annual basis according to the Consumer Price Index, US City Average for all urban consumers in effect by June, one year prior to the start of the fiscal year the rate adjustment becomes effective. In the event the United States Department of Labor, Bureau of Statistics, significantly changes the structure of the Consumer Price Index and a Consumer Price Index calculated by the method utilized at the time this agreement becomes effective is no longer published, the parties agree to negotiate any rate adjustment. The net per diem rate for each fiscal year shall be determined by subtracting the maintenance rate established by the Iowa Department of Human Services from the gross per diem rates established above.
 15. Upon request of the Center, the County may approve a rate for an individual client, which is different from the rates specified in paragraph 14. Such approval is valid only if provided in written form.
 16. The Center may submit billings for actual services provided for individuals approved for funding by the county CPC two times per month. Billing cycles will be submitted by the county auditor to the center. The Center billing shall identify client name, client days, approved billing rates, total amount billed for each client, and transfer dates and closing dates if applicable. Client days shall be defined as the sum of the number of days each individual client received service pursuant to this agreement from the Center during the month billed. Client shall be defined as a person for whom the County has, pursuant to this agreement, agreed in writing to purchase service from the Center.
 17. The County shall make bi-monthly payments to the Center based upon the reimbursement requests submitted by provider under paragraphs 14 and 16 above.
 18. This Agreement shall be binding on the parties hereto and neither party shall transfer nor assign its interest in this Agreement without the written consent of the other party. However, County retains its right to mortgage or sell or transfer the title of all of its right, title and interest in the premises or property which are subject to the lease which has been incorporated within this agreement, without notice to the Center, subject to this lease.
 19. Any uncollected monies due and owing to Delaware County for services and care at the Facility rendered prior to July 1, 1994, remain the property of Delaware County and may be collected or received by Delaware County after the effective date of this Agreement.
 20. Nothing in this Agreement shall constitute, nor be construed as constituting, the Center as an agent for the County nor as establishing any right in the County regarding the operation, administration, or fiscal control of the Facility or with regard to the management of its residents, employees, staff or personnel.
 21. Communications relating to the interpretation and/or application of this Agreement shall be between the Board of Supervisors, for the County, and the Executive Director/Administrator, for the Center.
 22. Amendments to this Agreement may only be accomplished by written instrument duly executed by the parties.
 23. All notices or other communications between the parties shall be in writing, and if to the County, shall be either personally delivered or mailed to the Chairperson, Delaware County Board of Supervisors, or, if to the Center, to the Administrator of the Center at P.O. Box 273, Delhi, Iowa 52223.
 24. This Agreement shall be effective July 1, 2012 and terminate June 30, 2015, and may be extended from time to time to such further dates as mutually agreed in writing by the parties.
 25. This Agreement may be terminated, for any reason by giving to the other party ninety (90) days prior notice in writing of such termination.
 26. This Agreement entered into by Center pursuant to and by authority of its Board of Directors at its meeting of _____, 20____.

BY: Chairperson, Delaware County

Motion made by Ries, second by Madlom and carried to approve the purchase of a 100 hour contract with Solutions, Inc. out of Spencer, Iowa. Since this is the second contract that the Board has approved since March 2012, they felt it was a good idea to look into having department heads pre-approve any major service needs or installations during the budget process. All Ayes

Motion made by Madlom, second by Ries and carried to approve a probationary wage increase for Casey Langel with the Secondary Roads Department. Mr. Langel has completed two (2) years of employment and is entitled to his fourth step raise from 95% to 100%

of the hourly wage for his respective position. Effective July 6, 2012 his wage will be raised from \$19.08/hour to \$20.08/hour. All Ayes

Motion made by Ries, second by Madlom and carried to approve the contract for the Pin Oak Park Road Pavement Project (LOST-13(02)—73-28 with Mathy Construction d/b/a River City Paving in consideration of \$205,906.15. The late start date for this project is October 1, 2012 with 10 working days allocated for completion.

ENGINEERS REPORT

X21 Paving Project – The contractor is working on the final lift of asphalt pavement this week. Work remaining includes shouldering, paving intersections, and pavement markings.

X47 Paving Project – The asphalt paving is complete. The contractor still needs to work on paving intersections, shouldering, and pavement markings.

Red Schoolhouse Bridge –Work is continuing on the bridge deck forms. The contractor will be placing structural deck steel very soon.

W69 Paving Project – The concrete paving operation is underway. Approximately 1.5 miles have been paved from Dundee to the north. The road is being reopened in stretches once we receive the proper concrete maturity. It should be noted that we have left a gap in the new pavement for campers to enter the gravel road at the south entrance to Backbone State Park.

218th Street Bridge (Plum Creek Bridge) – The road was closed today for the start of construction. Work is beginning on clearing and grubbing of trees and will move to removing the old bridge.

Contract Rock – We are waiting for the contractor to move back into the county and continue work. Approximately two thirds (2/3) of the rock resurfacing program has been completed.

NEXT MEETING

The next regular session of the Board will be on Monday, July 9, 2012 at 1:15 pm at the Supervisors' Office in the courthouse.

PUBLIC COMMENTS:

None.

There being no further business before the Board, Chairperson Helmrichs asked for a motion to adjourn.

Motion made by Ries, second by Madlom and carried to adjourn the meeting at 1:42 pm. All Ayes

These minutes have been read and approved.

10:00 AM

The Delaware County Board of Supervisors met in work session this date at 10:00 am with all members present. Also present were R. Mark Cory, Garlyn Glanz, Mary Kray, Laurie Kramer, Carolyn Wilson, Pam Klein, Keith Kramer, Larry Peter, Eve Peter, and Carla Becker. No media was present. Shirley Helmrichs, Chairperson, called the meeting to order.

10:00 am – Development Agreement for Expenditure of GO Loan Proceeds to Rebuild Lake Delhi

The main goal of this work session is to begin the process of formulating a development agreement for the expenditure of the proceeds from a county-wide bond to help rebuild the Lake Delhi dam and spillway. Mark Cory, the county's bonding attorney, addressed the Board regarding what each of them would like to see in this agreement.

Supervisor Ries stated that he would require the ownership of the dam area to be transferred from LDRA to the District Trustees to make it "public" property.

Supervisor Madlom added that there needs to be additional "public" access with ample parking for trucks and trailers.

Conservation Director Garlyn Glanz expanded on the subject of additional "public" access. He stated that the Conservation Board highly recommends additional public boat docks with adequate parking for 10-15 trucks and trailers. He also stated that with the Iowa Department of Natural Resources promoting the River Trails Program, we need to look at what can be done to portage around the new dam and spillway structures to keep the area viable for canoes, kayaks and inflatable water crafts.

Supervisor Helmrichs stated that she would like to see the county bond money go only for the creation of the spillway rather than for the repair of the dam structure itself. The construction of the spillway is estimated at around \$8 million. Mr. Cory stated that since the code section which allows the Board to bond in the first place is for flood protection and remediation, the construction of the spillway would seem like a logical place for the county money.

Mr. Cory stated that the county's participation in the rebuilding project will be outlined in a 28E agreement with the district. Within that agreement, the Board can place its restriction on how the money is used as well as how much of the county money is utilized at any particular time. He will look at completing the first draft with a 50% match by the district on spillway construction.

Supervisor Ries stated that he would also like to see the county's money tied to the district actually receiving the state funds.

Supervisor Helmrichs stated that she would not be in favor of the funds being tied to the state monies. "There are county funds", she stated.

Mr. Cory understood what Supervisor Ries was getting at although he did agree with Supervisor Helmrichs. However, the Board could require the District to furnish a detailed description of the project along with proof of funding for the dam and spillway construction. They could furnish a "comprehensive plan" of the project with a detailed timeline and budget. Mr. Cory did suggest that the Board could do away with the need for this type of "plan" from the district by simply reimbursing the district *after the project is completed*. That way the Board would be assured that all permits were issued and that the district had enough monies to complete the entire project. However, with the districts limited debt capacity and projected tax revenues, this option is not feasible.

Mr. Cory recapped the meeting as follows:

1. The Board would like the agreement to require public ownership of the dam and spillway
2. The county funds should only be used for the filling of the breached area and the construction of the spillway
3. There needs to be additional public access
 - a. One or more public boat ramps with parking for 10-15 vehicles and trailers
4. Plan some type of portage around dam and spillway for River Trail Program
5. All state, federal and local laws and ordinances met and permits in place
6. Comprehensive Plan provided by the district showing projected timeline, budget and funding sources to meet the match requirements
7. Set time limit as to when the bond proceeds need to be spent. If tax exempt, the county may need to have proceeds spent in as little as 6 months or be required to pay back some of the tax subsidy.
8. The county money will be expended as small grants to reimburse the district for actual invoiced expenditures related to the filling in of the breached area and the construction of the new spillway.

Keith Kramer, F & M Bank, stated that the local banks would be willing to make the notes taxable for a 1.5% return versus a 1% return if tax exempt. He would like to see the note on the books yet in 2012 and look at the county doing a possible draw down to save interest costs.

Mr. Cory informed the Board that what the local banks were offering was of great benefit to the county. He will put together a first draft based on today's meeting and have it ready for the Board's review in three (3) weeks or so. At that time, the Board can meet with the District Trustees to iron out any wrinkles within the agreement.

Since this is a brand new law which has not been used much, Mr. Cory feels the Board should be very deliberate in the issuance process. Even though the public hearing has already been held, the Board will still need to do an Issuance Resolution. He would like the Board to approve this resolution sometime in September with a closing date of possibly December 1, 2012. Since this is where the dollar amount will be set, he recommends having the debate on how much the county is willing to contribute at a meeting prior to the consideration of the resolution. Having the closing in December 2012 will allow ample time for the initial principal and interest payments to be included in the 2013-2014 budget.

The Board thanked Mr. Cory for meeting with them in person and look forward to receiving his first draft and moving this process along.

There being no further business before the Board, Chairperson Helmrichs adjourned the meeting at 11:45 am.

These minutes have been read and approved.

/S/ Shirley E. Helmrichs, Chairperson

/S/ Carla K. Becker, Auditor

July 6, 2012
Manchester, Iowa
11:00 AM

The Delaware County Board of Supervisors met in work session this date at 11:00 am at the Delaware County Community Services Building on Grant Street in Manchester with Jerry Ries and Shirley Helmrichs present, Supervisor Madlom was absent. Also present were Ralph Kremer (Buchanan County), Ellen Gaffney (Buchanan County), Julie Davison (Buchanan County), Cindy Gosse (Buchanan County), Deb Schmitz (Jones County), Ned Rohwedder (Jones County), Wayne Demmer (Dubuque County), Jody Jansen (Dubuque County), Peggy Petlon (Delaware County), and Carla Becker (Delaware County). No media was present. Peggy Petlon called the meeting to order meeting to order.

11:00 am – Mental Health Redesign

The main goal of this work session is to explore the counties options within the new mental health redesign. There are counties that are already signing non-binding letters of intent to formulate regions. The Department of Human Services has stated the counties may petition to stand alone but these will be the exceptions, not the rule. To stand alone a county would need to provide all the “core” services.

Peggy Petlon, Delaware County CPC stated that they have been holding state bills since early spring. Although this is not our normal practice, it became necessary knowing that the state was cutting off certain funding sources. It is her intention to apply for transition funds to help pay for these billings.

Ms. Petlon stated that even though counties do not have to submit their intent to regionalize until April 2013, it is not in their best interest to wait. Delaware County already has a plan in place with the NE Iowa group. The plan only needs to be “tweaked” slightly to comply. It took a lot of time and several meetings to create this plan. If Delaware County decides to go another direction, there is a lot of work to be done putting together a plan from scratch. When forming regions we need to look at counties with similar services and visions. It is her feeling that the four (4) counties at the table have very similar services and visions. With the NE Iowa group wanting letters of intent before August 1, 2012, Delaware County is looking to make a decision one way or the other.

The following timeline has been set for the implementation:

FY 2013

- State will fund Medicaid service previously funded by counties
- One-time MH & Disability Services Redesign Transition Fund created. DHS will create criteria based on need. The fund begins July 1, 2012 and ends June 30, 2013.
- Counties to submit intent to join a region June 2012 – April 1, 2013
- Counties to indicate intent to apply for exemption on or before May 1, 2013.
- Counties to submit exemption application on or before June 30, 2013.

FY 2014

- \$47.28 per-capita replaces current maximum dollar amount.
- Legal settlement is repealed and residency is established July 1, 2013.
- Eligibility rules take effect
- Core Services begin.
- MHD regional services fund takes effect.
- All counties to have joined a region by December 31, 2013
- Regional service system management plans due April 1, 2014 and on April 1st each year thereafter
- Regions in compliance with implementation criteria by June 30, 2014.

FY 2015

- Regions enter into performance-based contracts with DHS on or before July 1, 2014
- Regions begin operating on or before July 1, 2014

Wayne Demmer, Dubuque County Supervisor, stated that since all regions need to provide the core services, it is important that those forming a region have similar ideas as to the important Core Plus and discretionary services being offered.

There was a lengthy discussion as to what services each county was providing that perhaps the others weren't.

Jackson County had been invited to this meeting but was unable to come. It was thought that they may already be committed to regionalizing with Clinton County.

Peg Petlon stated that they needed to move forward on this. They can't keep having all these meetings without making some kind of decision and moving forward. The big question is who will be at the table. We need to get that in place so that a Board of Supervisor member can be appointed by each participating county to be involved in the decision making process.

It was noted by Deb Schultz that Buchanan County's involvement in this group hinges on Delaware County's participation since the counties need to be adjacent in order to be in a region. There also must be at least three (3) counties in a region but they have removed the population requirements.

Delaware County Supervisor Shirley Helmrichs stated that Delaware County works well with Jones, Buchanan and Dubuque Counties. She would like to see Delaware County move more in the direction of regionalizing with Dubuque County.

Copies of sample 28 E agreements and letters of intent were passed out for counties to review.

Ellen Gaffney, Buchanan County Supervisor, stated that her county attorney felt it was important for all the counties involved to approve the same letter of intent. This would make things more consistent.

Julie Davison, Buchanan County CPC, offered to do a comparison of the services already being offered at each county.

Ned Rohwedder, Jones County Supervisor, stated that since the core services are being dictated by the State, it will be the Core Plus services that are set by the region.

Wayne Demmer stated that it becomes a regional issue as to what we are going to fund over and above the core services and whether or not the region can afford it. There is also the issue of one vote per county. Dubuque County would be the largest county in this proposed region. Do we want three (3) or four (4) small counties telling Dubuque County what services to offer?

Ned Rohwedder stated that Jones County met with the counties to the south as well. Johnson County wants weighted votes. This has some counties willing to walk since the large counties would be controlling everything.

So where do we go from here?

Wayne Demmer suggested that everyone go back to their counties and see where they stand as a Board.

Julie Davison will have the comparison spreadsheet ready by July 11, 2012 for review. She will also include financials but limit the services to 100% county funded.

It appeared that not every county was understanding the intent of today's meeting. Buchanan County officials were under the impression that Delaware and Buchanan were trying to get Jones, Jackson and Dubuque to join the NE Iowa group. While the intention of Jones, Delaware and Dubuque was to actually look at forming their own region apart from the NE Iowa group. This misunderstanding will need clarification at the next meeting.

The next work session was tentatively set for July 27, 2012 at the Delaware County Community Services Building at 10:00 am.

These minutes have been read and approved.

/S/ Shirley E. Helmrichs, Chairperson

/S/ Carla K. Becker, Auditor

STATE OF IOWA)
) Ss:
 DELAWARE COUNTY)

July 9, 2012
 Manchester, Iowa
 1:15 PM

The Delaware County Board of Supervisors met in regular session this date at 1:15 pm with all members present. Also present were Keith Kramer, John Bernau, Dave Kretz, Anthony Bardgett, Carla Becker and three (3) members of the media. Shirley Helmrichs, Chairperson, called the meeting to order.

Motion made by Madlom, second by Ries and carried to approve the minutes from the July 2, 2012 regular session with the following correction: In the eighth (8th) paragraph, the total amount invested by the Treasurer should read \$14,753,105.69 instead of \$14,753,105.09. All Ayes

Motion made by Ries, second by Madlom and carried to approve the following employees to attend their respective meetings: Norman Wellman to attend the NG911 Technology Seminar in Des Moines on July 12, 2012; Mike Ryan to attend the Region 6 LEPC meeting in Jackson County on July 10, 2012 and the IA Human Disaster Resource Council meeting in Linn County on July 19, 2012; Jeff Madlom, Jerry Ries and Shirley Helmrichs to attend the RTA meeting in Dubuque on July 11, 2012; Jerry Ries to attend the RC&D meeting in Dubuque on July 11, 2012; and Anthony Bardgett to attend the Asphalt Paving Associations Demonstration Project in Des Moines on July 10, 2012. All Ayes

There were no claims submitted for consideration of payment.

Motion made by Madlom, second by Ries and carried to approve the following "Applications for Approval of Underground Construction on Delaware County Right-of-Way":

Windstream Communications to bury fiber optic and copper cable on 320th Ave from 210th Street to 225th Street, on 225th Street from 320th Ave to 310th Ave, and on 310th Ave from 225th Street to 235th Street as well as place three (3) equipment cabinets on 235th Street east of 310th Ave. The proposed construction being located southwest of Dyersville in Section 35 of North Fork Township and Sections 2, 3, 9, & 10 in Bremen Township; and

Maquoketa Valley Electric to place an underground power line underneath 155th Street near 911 #2506. Proposed construction located one-eighth (1/8) mile west of the intersection of 255th Ave and 155th Street in Section 34 of Elk Township. All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of a manure management plan update from Steve Sheppard, Sand Hill Pork Site Facility #63874, in Section 24 of Hazel Green Township. All Ayes

Dave Kretz, property owner, addressed the Board regarding possible dust control on Turtle Creek Road near the bridge. Mr. Kretz lives in Linden Acres which is across the river from the Turtle Creek area. He stated that at a recent road association meeting in his area, several property owners were discussing the extraordinary amount of dust that is being generated off the Turtle Creek Road across the river. He understands that the Board cannot put dust control over all the county's gravel roads. However, he thought perhaps the Board would consider dust control application in this situation due to the extenuating circumstances surrounding the region: the property owners in this area were devastated by the flood and spent a lot of money to rebuild their homes, the traffic on this roadway has increased tenfold, is moving faster and includes more truck traffic as compared to pre-flood and the county has removed much of the brush and trees along the roadway which helped to catch the dust. He is respectfully asking the Board to apply dust control along Turtle Creek Road due to these special circumstances.

The Board stated that the brush was cut back due to poor visibility. They each also stated that although they sympathize with the property owners, they were not in favor of granting dust control on county gravel roads except in cases where the County Engineer has designated a detour route. If they grant this for one road, they will have people from all over the county wanting this done. One other problem is that the property owners wanting the dust control don't live on the road itself. They reside across the river.

Supervisor Ries asked if they had considered pooling their money and having it done privately? Supervisor Helmrichs stated that it costs her \$432.00 per year to have 400 foot treated once in May and once in August. Unfortunately, the lack of rain has contributed to the problem. If they do decide to have it treated, they will need to get a permit from the County Engineer's office first. The Secondary Road crew will also try to grade the road prior to dust control application.

Mr. Kretz thanked the Board for their time and information. He will go back to the other property owners and see what they want to do.

Motion made by Madlom, second by Ries and carried to deny the request to treat a portion of Turtle Creek Road for dust control. All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the Auditor's Quarterly report which states that \$3,135.31 was collected for the quarter ending June 30, 2012 and deposited into the general funds. All Ayes

Motion made by Madlom, second by Ries and carried to acknowledge receipt of the Recorder's Monthly Report showing that for the month of June, 2012 the following fees were deposited into their respective funds:

General Fund	\$10,885.58
Recorder's Document Management Fund	351.00
Electronic Transfer Fund	<u>351.00</u>
Total Collected	\$11,587.58

All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the Sheriff's Quarterly report which shows that for the quarter ending June 30, 2012 \$77,396.59 was collected for various fees and surcharges and deposited into the general fund. All Ayes

Motion made by Ries, second by Madlom and carried to approve the Wages Paid in Fiscal Year 2011-2012 listing for publication. It was stated that the wages paid between July 1, 2011 and June 30, 2012 were higher than what was approved for salaried employees due to there being twenty-seven (27) actual pay checks issued instead of the usually twenty-six (26). The extra issued was left over wages not issued in FY 2010-11 due to the difference between the pay date and the pay period. The following is a descending listing of the wages paid as approved above:

2011/2012 WAGES PAID

<u>EMPLOYEE</u>	<u>JOB TITLE</u>	<u>2011/2012 WAGES PAID</u>
Anthony Bardgett	County Engineer	\$89,236.08
John Bernau	County Attorney	\$79,056.16

ENGINEERS REPORT

X21 Paving Project – The asphalt paving is complete. Shouldering, entrance rocking and edge line pavement markings still need to be completed.

X47 Paving Project – The asphalt paving is complete. Shouldering and edge line pavement markings will still need to be completed.

Red Schoolhouse Bridge –The deck steel placement is almost complete. The contractor should be pouring the bridge deck this week.

W69 Paving Project – The concrete paving should be completed today (July 9th). The contractor will be working on joint sealing and shouldering this week. As soon as we have the shoulders completed, we will open the road back to thru traffic.

Pin Oak Park Road Paving Project – The contractor is anticipating starting the project on July 17, 2012. They will likely spend a day to place the choke stone to correct the profile and then pave the next two days. The road will remain open to one lane traffic during the project with a pilot car and flaggers guiding traffic.

218th Street Bridge (Plum Creek Bridge) – The old bridge superstructure has been removed. Work will continue this week on removal of the old bridge abutments.

Contract Rock – We are waiting for the contractor to start work up again. They have moved out of the county for work elsewhere. They are approaching half of their working days being used up.

Pavement Blow-Ups – With the heat we had last week, a major pavement blow-up occurred on old Hwy 20 west of Manchester. The road had to be closed overnight on July 4th until we could remove the pavement that next morning. A contractor is scheduled to come in this week and pave the damaged section.

NEXT MEETING

The next regular session of the Board will be on Monday, July 16, 2012 at 1:15 pm at the Supervisors' Office in the courthouse.

PUBLIC COMMENTS:

Supervisor Ries stated that he was not in favor of having an open-ended development agreement for the expenditure of the county's loan proceeds to rebuild the dam and spillway. He contacted Keith Kramer with F & M Bank as well as the County Attorney and asked them to be here today. He continued by stating that neither Mr. Kramer nor Mr. Bernau were in favor of an open ended agreement.

Supervisors Madlom and Helmrichs both agreed that any discussion in this area should not be done under public comments but should be put on the official agenda for discussion. It was also mentioned that there has only been one work session regarding this agreement and that they don't even have a first draft in place yet. There will be several work sessions scheduled before the development agreement is completed. Also, since the money involved in this agreement is general obligation debt, there will most likely be state or federal regulation which will dictate the timeline for their expenditure.

There being no further business before the Board, Chairperson Helmrichs asked for a motion to adjourn.

Motion made by Madlom, second by Ries and carried to adjourn the meeting at 1:40 pm. All Ayes

These minutes have been read and approved.

/S/ Shirley E. Helmrichs, Chairperson

/S/ Carla K. Becker, Auditor

STATE OF IOWA)
) Ss:
 DELAWARE COUNTY)

July 16, 2012
 Manchester, Iowa
 1:15 PM

The Delaware County Board of Supervisors met in regular session this date at 1:15 pm with all members present. Also present were Ed Schmidt, Anthony Bardgett, Carla Becker and two (2) members of the media. Shirley Helmrichs, Chairperson, called the meeting to order.

Motion made by Madlom, second by Ries and carried to approve the minutes from the July 9, 2012 regular session. All Ayes

Motion made by Ries, second by Madlom and carried to approve the following employees to attend their respective meetings: Shirley Helmrichs to attend the RTA/RPA Review in Dubuque on July 19, 2012; Shirley Helmrichs and Jeff Madlom to attend the ECIA meeting in Dubuque on July 18, 2012; and Jerry Ries to attend the Juvenile Detention meeting in Waterloo on July 20, 2012. All Ayes

Motion made by Madlom, second by Ries and carried to approve the following interfund loan resolution:

**RESOLUTION
 INTERFUND LOAN**

BE IT HEREBY RESOLVED by the Delaware County Board of Supervisors that due to insufficient funds in the Rural Services Fund, it will be necessary for said fund to borrow from the General Basic Fund \$150,000 to be paid back without interest.

IT IS FURTHER RESOLVED that the County Treasurer change her records accordingly to show this interfund loan.

Dated this 16th day of July, 2012.

Delaware County Board of Supervisors

/S/ Shirley E. Helmrichs, Chairperson

ATTEST: /S/ Carla K. Becker, County Auditor

All Ayes

All Ayes

Motion made by Madlom, second by Ries and carried to table the consideration of the Long-term lease between Delaware County and Gary and Penny Sands until the County Attorney can review it. The proposed lease is for excess ground at the Lillibridge Pioneer Cemetery in Milo Township. All Ayes

Motion made by Ries, second by Madlom and carried to approve the Fireworks Permit Application for Rich Gerhold for a display to be held at the Randy Van Devegte property located at 1618 255th St in Manchester on August 4, 2012 at 9:15 pm. Rich Gerhold, a certified pyrotechnic, will be the operator. Approval of this permit is subject to the lifting of the burn ban in Delaware County or the receipt of a letter of exception from the local district Fire Chief stating that, with the blessing of the State Fire Marshall's Office, he is granting an exception to the burn ban for their display. All Ayes

The next item was added to the agenda due to timeliness.

Motion made by Madlom, second by Ries and carried to approve the Fireworks Permit Application for Kathy Dolan on behalf of the Golden Congregational Church. The display will be on the church property located at 2960 190th Ave in Ryan on July 22, 2012. Bryan Hauschild, a certified pyrotechnic, will be the operator. Approval of this permit is subject to the lifting of the burn ban in Delaware County or the receipt of a letter of exception from the local district Fire Chief stating that, with the blessing of the State Fire Marshall's Office, he is granting an exception to the burn ban for their display. All Ayes

Motion made by Ries, second by Madlom and carried to approve the following resolution regarding the Delhi parade:

**RESOLUTION FOR ROAD CLOSURE
CITY OF DELHI PARADE**

WHEREAS, the Delhi Lions club requests the closure of Franklin Street in Delhi from 12:00 pm to 12:00 am on July 28, 2012 due to their parade and other activities, and

WHEREAS, the Delhi Lions will provide any and all necessary traffic control devices and law enforcement during the parade, **NOW THEREFORE BE IT RESOLVED**, that the Delaware County Board of Supervisors has approved the Delhi Lions Club's request for road closure of Franklin Street.

Passed and approved this 16th day of July, 2012.

/S/ Shirley E. Helmrichs, Chairperson County Board of Supervisors

Attest: /S/ Carla Becker, County Auditor

ENGINEERS REPORT

X21 Paving Project –Shouldering, entrance rocking and edge line pavement markings still need to be completed.

X47 Paving Project –Shouldering, entrance rocking and edge line pavement markings still need to be completed.

Red Schoolhouse Bridge –The deck is ready for the concrete pour. The contractor is waiting for cooler temperatures so the concrete mix temperature stays within specifications.

W69 Paving Project – The concrete paving is complete. The contractor will be working on rock shouldering and pavement markings this week. The asphalt contractor still needs to pave within the town of Dundee and all side roads.

Pin Oak Park Road Paving Project – The choke stone base was placed last Friday. The contractor plans to pave the base asphalt layer this Friday, July 20th, and complete the surface layer the following Monday.

218th Street Bridge (Plum Creek Bridge) – The contractor is working on removing the old bridge foundation. Pile drivings may take place this week.

Contract Rock – Rock placement resumed last week with work in the area north of Delaware. The contractor is working in the area around Greeley this week.

Pavement Blow-Ups – The repaired spot west of Manchester was paved last week.

Omega Road – Our road crews are working on Omega Road at the intersection of X31 this week. The road has been closed for work on a cross road culvert and to build up the road so as to flatten out the grade approach to X31. Work should be completed by the end of this week.

NEXT MEETING

The next regular session of the Board will be on Monday, July 23, 2012 at 1:15 pm at the Supervisors' Office in the courthouse.

PUBLIC COMMENTS:

There being no further business before the Board, Chairperson Helmrichs asked for a motion to adjourn.

Motion made by Madlom, second by Ries and carried to adjourn the meeting at 1:39 pm. All Ayes

These minutes have been read and approved.

 2:00 pm

The Delaware County Board of Supervisors met in work session this date at 2:00 pm with all members present. Also present were Zak Dunne and Carla Becker. No media was present. Shirley Helmrichs, Chairperson, called the meeting to order.

2:00 pm – Courthouse Maintenance Project

Zak Dunne with Renaissance Restoration out of Galena, Illinois met with the Board of Supervisors to keep them up to date on the exterior courthouse maintenance project.

Mr. Dunne stated that they were about finished with the caulking of the windows and have already torn into one dormer. The dormers will take approximately a week per dormer to complete.

They ran into some windows with 2-3 inch gaps in the jams. They filled the gaps with wood epoxy. There will be no additional charge for this. This will take care of the brick to brick molding. If the Board wants to look at redoing the sash and molding down the road they can.

He stated that his crew is keeping on schedule. They are estimated to complete the project in late August.

There being no further business before the Board, Chairperson Helmrichs adjourned the meeting at 2:16 pm.

These minutes have been read and approved.

 8:30 AM

The Delaware County Board of Supervisors met in regular session this date at 8:30 am with all members present. Also present were Garlyn Glanz, Anthony Bardgett, Carla Becker and one (1) member of the media. Shirley Helmrichs, Chairperson, called the meeting to order.

Motion made by Madlom, second by Ries and carried to approve the minutes from the July 16, 2012 regular and work session. Supervisor Madlom also made a correction to the July 2, 2012 minutes. In the seventh paragraph where Treasurer Carolyn Wilson is discussing the monthly investment report, the interest rate was erroneously listed as 1.5% when it should have been 1.25%. All Ayes

Motion made by Ries, second by Madlom and carried to approve the following employees to attend their respective meetings: Shirley Helmrichs to attend the Operation New View meeting in Dubuque on July 26, 2012; Jerry Ries to attend the Iowa Work Force Development meeting on July 24, 2012 in Elkader; and Anthony Bardgett to attend the RPA meeting in Dubuque on July 26, 2012. All Ayes

Motion made by Madlom, second by Ries and carried to approve the following claims for payment, including the July 13, 2012 payroll in the amount of \$160,739.68 warrant #26089-26214:

Black Hills Energy	Service	63.93
CenturyLink	E911 Phone Service	1.75
Maquoketa Valley REC	Cons – electric	2836.62
Windstream	Telephone Service	151.83

All Ayes

Motion made by Ries, second by Madlom and carried to approve the following "Applications for Approval of Underground Construction on Delaware County Right-of-Way":

Windstream Communications Inc. – to bury copper telephone cable along 267th St to place permanent cable from 262nd St west approximately 600 feet. The proposed construction being located two (2) miles southwest of Delhi in Section 25 of Milo Township; and **Windstream Communications, Inc.** – to bury copper 25 pair telephone cable along 305th St at a culvert replacement project. The proposed construction will be located three (3) miles east of Hopkinton in Section 15 of South Fork Township; and **Maquoketa Valley Electric Cooperative** – to place underground electric cable along 280th Ave between 115th and 120th Streets. The proposed construction will be located one mile south of State Highway 3 in Section 7 of Colony Township. All Ayes

There were no manure management plan updates submitted for filing.

Motion made by Madlom, second by Ries and carried to approve the amendment to the 2011-2012 Service Agreement with **Covenant Medical Center, Inc. (Wheaton Franciscan Healthcare)** by removing the word Psychiatric from Section III. A. 1 and to approve the renewal rate effective August 1, 2012 through July 31, 2013 as follows: INPATIENT FEE, \$636.00/day and EXTENDED INPATIENT FEE \$236.00/day. The word Psychiatric was inadvertently added last year. Deleting the word Psychiatric makes the agreement inclusive to both psychiatric and substance abuse services, which has been the intent all along. All Ayes

Motion made by Ries, second by Madlom and carried to approve the Class C Liquor License for Cleary, LLC doing business as The Pizza Place located at 26166 208th Ave in Delhi. Approval is for a twelve month Class C Liquor License with Sunday Sales Privileges effective July 31, 2012. The Board approval is subject to the recording of documents transferring ownership into the name of Cleary, LLC. All Ayes

Motion made by Madlom, second by Ries and carried to approve the following Actuarial Services with **Nyhart** for GASB 45 compliance:

FISCAL YEAR 2011-2012	Nyhart to provide interim GASB Disclosures	\$1,200
FISCAL YEAR 2012-2013	Nyhart to provide data collection and analysis, preparation of comprehensive annual report/actuarial valuation, and disclosures as required by GASB 45	\$2,750

All Ayes

Motion made by Ries, second by Madlom and carried to approve the hiring of Jenny Montgomery as a part-time Community Life Trainer beginning July 24, 2012 at a rate of \$8.00 per hour. All Ayes

Motion made by Madlom, second by Ries and carried to approve the pay raise for Shawn Foster from \$17.93 to \$18.92 per hour effective July 25, 2012. This is the third step raise for Mr. Foster. Accordingly, he is being raised from 90% to 95% of the hourly rate for his position since he satisfied the terms of his seniority period. All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of Eugene Carpenter's notice of retirement from the Secondary Roads Department. The effective day of his retirement will be August 17, 2012 with July 24, 2012 being his last physical day on the job. The Board thanked Mr. Carpenter for his 25 years of service to the county. All Ayes

July 23, 2012
 Manchester, Iowa
 2:30 pm

The Delaware County Board of Supervisors and ex-officio Board of County Canvassers, for Delaware County, Iowa, met to certify the votes cast in this county at the **Lake Delhi Combined Recreational Facility and Water Quality District Trustee Election** held on the 17th day of July, 2012, as shown by the tally list returned from the election precinct with all members present. Also present was Carla K. Becker. Shirley Helmricks, Chairperson, called the meeting to order at 2:30 pm. Results of the canvass were as follows:

There were seven hundred eighty-five (785) total votes cast for the **Office of Lake Delhi Combined Recreational Facility and Water Quality District Trustee** with Mary Kray receiving two hundred forty-three (243) votes, Larry Burger receiving two hundred three (203) votes, David Fry receiving one hundred seventy-five (175) votes, Edward Schmidt receiving one hundred sixty-three (163) votes, and Arnold Palmer received one (1) vote.

Mary Kray and Larry Burger were declared elected for a term of three (3) years.

There were four hundred (400) total votes cast for the **Office of Lake Delhi Combined Recreational Facility and Water Quality District Trustee to Fill A Vacancy** with Lamont Davidson receiving two hundred thirty-one (231) votes and Todd Gifford receiving one hundred sixty-nine (169) votes.

Lamont Davidson was declared elected for a one (1) year term.

There being no further business, this meeting is adjourned.

IN TESTIMONY THEREOF, we have set our hands and caused this to be attested by the Clerk of the Board of Supervisors, with the Seal of this County.

Done at Manchester, the county seat of Delaware County, Iowa, this 23rd day of July, 2012.

/S/ Shirley Helmricks, Chairperson
 /S/ Jeff Madlom
 /S/ Jerry Ries

ATTEST:

/S/ Carla K. Becker, Delaware County Auditor

STATE OF IOWA)
) Ss:
DELAWARE COUNTY)

July 27, 2012
Manchester, Iowa
10:00 AM

The Delaware County Board of Supervisors met in work session this date at 10:00 am at the Delaware County Community Services Building on Grant Street in Manchester with Jerry Ries, Shirley Helmrichs Jeff Madlom present. Also present were, Ellen Gaffney (Buchanan County), Julie Davison (Buchanan County), Deb Schultz (Jones County), Ned Rohwedder (Jones County), Daryl Klein (Dubuque County), Jody Jansen (Dubuque County), Peggy Petlon (Delaware County), and Anne Rave (Delaware County). No media was present. Peggy Petlon called the meeting to order at approximately 10:10 AM.

Jackson County officials did not attend the meeting as they feel they are too far south to be a part of this region.

Peggy Petlon, Delaware County CPC, asked all those present to review the Matrix of Buchanan, Dubuque, Delaware and Jones Counties. This document outlines what each county does right now. Daryl Klein, Dubuque County Supervisor, asked how regionalizing will work since all four of these counties provide different levels of services. Deb Schultz, Jones County CPC, explained that all services will be provided by the region, not specifically by each county anymore. Peggy Petlon gave an example that there cannot be a waiting list for a specific service in Delaware County and not in Dubuque County – it will be by region. Deb Schultz stated that it will be totally up to the counties' Boards of Supervisors to decide how the funding for services will be handled. One possibility could be to pool part of the funds in to an "insurance pool" to use region-wide.

Discussion was held regarding the various mental health needs in each of the four (4) counties. Deb Schultz stated that the governing board which will be appointed will need to decide if additional services, beyond the mandated services, will be provided in the region. Frustration was shared amongst the attendees regarding the State requiring counties to regionalize, but not providing any rules or guidelines to go by.

Discussion was then held on the spreadsheet provided which outlined FY 2012 & FY 2013 expenditures and FY 2013 revenues for each of the four counties. Peggy Petlon stated transition money will be necessary; however Deb Schultz stated we should not count on any transition money. Discussion was held on how some of the counties were holding state bills, in hopes that the State would possibly forgive some of those bills.

Peggy Petlon reiterated that the letter of intent to regionalize needs to be done by April 1, 2013. Following that, a 28E Agreement will need to be finalized. Deb Schultz stated that when the letter of intent is completed, that will get sent to the State. The State will review the letter of intent and then provide funding to put the 28E Agreement together.

Discussion was held regarding the income limits for each of the counties present. It was also expressed that the County Supervisors need to understand all the needs throughout the region as they will have some important decisions to make. Deb Schultz stated that Jones County will also be meeting with Benton and Linn Counties regarding the formation of a region.

Daryl Klein stated that Dubuque County has a great interest in forming this region and wants to know who is willing to join in with them. Daryl continued that if these four (4) counties would form a region, he believes that since Dubuque County is so much larger, Dubuque County should have more weight in voting. Peggy Petlon stated that if the four (4) counties were to form a region, it should be treated as a region and everyone should have the same leverage when voting. It would definitely make a difference if Dubuque County feels that way as far as any of the smaller counties wanting to join with them. Shirley Helmrichs stated that Dubuque County and Delaware County sit on the RTA and RPA Boards, and Dubuque County does not have a weighted vote there. Ellen Gaffney, Buchanan County Supervisor, stated the counties within the region are all working for the same thing. She doesn't know of any board where a county has a weighted vote. Peggy Petlon stated that Dubuque County needs to decide if they indeed feel they should have a weighted vote. Daryl Klein stated that he appreciated this discussion and now has a better understanding. He agrees a region with these four (4) counties would be a good group. Good relationships have been formed already within the RTA and RPA Boards. Julie Davison stated the organization of this region will definitely be the challenge, not so much the services provided.

Daryl Klein stated he will talk with his Board within the next two (2) weeks. Jody Jansen will let Peggy Petlon know of Dubuque County's decision. At that time, the date and time for the next meeting will be set.

These minutes have been read and approved.

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the following manure management plan updates: Larry Diercksen in Section 18 of Milo Township (#58058); Gary Wessels in Dubuque County (#58865); and Klostermann Brothers Inc., WPF-2, in Section 23 of North Fork Township (#64872). All Ayes

Motion made by Madlom, second by Ries and carried to acknowledge receipt of the FY 2010-2011 audit report for North Iowa Juvenile Services Commission. Receipts for the year were up 31% due to the increase in detention care fees and state program receipts. Expenses totaled \$943,292 for the year. This is a decrease of 14% from the prior year due to the repayment of the Commission's remaining outstanding debt. A copy of the report can be found on the Iowa State Auditor's Office website. All Ayes

Motion made by Ries, second by Madlom and carried to approve that the Final Payment Voucher for the Bailey's Ford Bridge Project, in the amount of \$975,253.61 be sent to the Iowa Department of Transportation for final payment. The original contract was for \$988,678.19. This project is funded by 80% Federal Aid Funds and 20% Farm-to-Market funds. All Ayes

ENGINEERS REPORT

X21 Paving Project – The contractor is planning to start the rock shouldering either this week or next week. Entrance rocking and pavement markings also need to be completed.

X47 Paving Project – The contractor is planning to start the rock shouldering this week. A contractor will also be out there today adjusting existing guardrail for the rise in the road surface.

Red Schoolhouse Bridge – The bridge deck was poured last Friday. The contractor is planning on hauling dirt tomorrow to start building up the road surface.

W69 Paving Project – Most of the project work is completed. County crews are working in Dundee finishing off dirt shoulders. The road is back open to thru traffic.

Pin Oak Park Road Paving Project – The road was paved last week. Driveway and shoulder rock still need to be finished off along with pavement markings.

218th Street Bridge (Plum Creek Bridge) – The east abutment piles were driven last Friday. The contractor will continue work this week on the east pier substructure.

Contract Rock – Rock is being placed in the southwest part of the county this week. The contract is approximately 85% complete

NEXT MEETING

The next regular session of the Board will be on Monday, August 6, 2012 at 1:15 pm at the Supervisors' Office in the courthouse.

ENGINEERS REPORT

X21 Paving Project – The contractor is working on shoulders and entrances this week. Edgeline pavement markings also remain to be completed.

X47 Paving Project – The rock for the shoulders and entrances was completed last week. The only item left is the edgeline pavement markings.

Red Schoolhouse Bridge – The contractor worked on the forms for the bridge rail last week. The dirt contractor is planning to start hauling on Tuesday to begin building up the road.

W69 Paving Project – The only item left to complete is the guardrail installation at two (2) culvert sites.

Pin Oak Park Road Paving Project – The contractor still needs to finish the pavement markings for the project to be complete.

218th Street Bridge (Plum Creek Bridge) – The east pier encasement was poured last week. The contractor will be working on forming up the abutments for concrete pours this week.

Contract Rock – Rock is being placed in the southwest and south central parts of the county this week. The contract is approximately 90% complete.

Secondary Road Crew – Road crews are working on replacing deteriorated culverts on X31 north of Buck Creek this week. The road will be closed up to a day at a time during construction.

NEXT MEETING

The next regular session of the Board will be on Monday, August 13, 2012 at 1:15 pm at the Supervisors' Office in the courthouse.

PUBLIC COMMENTS:

None.

There being no further business before the Board, Chairperson Helmrichs asked for a motion to adjourn.

Motion made by Ries, second by Madlom and carried to adjourn the meeting at 1:25 pm. All Ayes

These minutes have been read and approved.

 Shirley E. Helmrichs, Chairperson

 Carla K. Becker, Auditor

STATE OF IOWA)
) Ss:
 DELAWARE COUNTY)

August 13, 2012
 Manchester, Iowa
 1:15 PM

The Delaware County Board of Supervisors met in regular session this date at 1:15 pm with all members present. Also present were Carolyn Wilson, Jodi Cahalan, Delma Hardin, Anthony Bardgett, Carla Becker and two (2) members of the media. Shirley Helmricks, Chairperson, called the meeting to order.

Motion made by Madlom, second by Ries and carried to approve the minutes from the August 6, 2012 regular session. All Ayes

Motion made by Ries, second by Madlom and carried to approve the following employees to attend their respective meetings: Pat Oberbroeckling to attend the Iowa Streets & Roads Workshop and Annual Conference September 25-27, 2012 in Ames; John Bernau to attend an arraignment in Elkader on August 14, 2012 where he has been appointed Special Prosecutor; John LeClere to attend the 2012 Iowa Sex Offender Registry Symposium in West Des Moines August 22 & 23, 2012; Jill Rahe to attend the 2012 Child Protection Seminar in Cedar Rapids September 13-14, 2012; and Jerry Ries to attend the EIRUSS meeting in Dubuque on August 15, 2012. All Ayes

Motion made by Madlom, second by Ries and carried to approve the following claims for payment, including the August 10, 2012 payroll in the amount of \$159,013.81 warrant #26772-#26896:

Motion made by Ries, second by Madlom and carried to approve the "Application for Approval of Underground Construction On Delaware County Right-of-Way" for Maquoketa Valley Electric to bury underground cable starting approximately 600 feet south of the existing driveway at 3257 210th Ave in Coggon on the east side of the road and running thence west along the corn field for approximately 300 feet. The proposed construction will be located in Section 26 of Hazel Green Township. All Ayes

Motion made by Madlom, second by Ries and carried to acknowledge receipt of an original manure management plan from EFM Farms, Inc, Jordan Perrinjaquet, in Section 3 of Honey Creek Township; and a manure management plan update from Maloney Farms, Pat Maloney, in Section 12 of Delaware Township. All Ayes

Delma Hardin, Director of Delaware County Public Health, presented the Board with a Fiscal Year Overview for how the county's \$127,000 contribution was used in support of Public Health Services for Fiscal Year 2011-2012. Ms. Hardin stated that the county's support helped pay the Public Health's portion of the rent, taxes and utilities at the East Office building that they have occupied since October 2011. Both administration and Board of Health time were also supported in conducting mandated activities such as disease follow-up. She stated that Public Health completed follow up of nineteen (19) cases of pertussis, seven (7) cases of Salmonella, six (6) cases of E-coli, four (4) cases of cryptosporidiosis and two (2) cases of Lyme disease. The monies also supported the immunization clinic after the state grant dollars were exhausted; in this period 166 children received 235 immunizations. On the Home Health Case side, thirty-seven (37) residents were able to remain in their homes by receiving Home Care through the support of fifty-six (56) recertification visits, twenty-eight (28) hours of Homemaker services and the support of software to maintain electronic records. Both Public Health and Home Health were able to purchase laptops, equipment and other promotional materials. This year they also purchased a 60" TV to allow for onsite training of employees. She ended by thanking the Board of Supervisors for their support of Public Health Services in Delaware County. She also would like to possibly expand the usage into another area of their office. The Parents as Teachers program is run under the Public Health Department and is currently supported completely by grant monies.

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the Fiscal Year Overview as presented by Delma Hardin. The Board thanked her for taking the time to put together and present the overview. Supervisor Helmricks stated that it was the most comprehensive report the Board has received since she has been in office. All Ayes

Motion made by Madlom, second by Ries and carried to table the consideration of the FY 2011-12 Cash Financial Report until the Board reviews the amount of assigned fund balances. All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the 2011-12 Agriculture Extension Financial Report as published in the Delaware County Leader on July 24, 2012. With a July 1, 2011 beginning balance of \$171,096.38, Ag Extension had revenues of \$400,961.66 and expenditures of \$402,443.20 for the year. This leaves an Operating Fund balance of \$169,614.84 on June 30, 2012. All Ayes

Motion made by Madlom, second by Ries and carried to acknowledge receipt of the Recorder's Monthly Report showing that for the month of July, 2012 the following fees were deposited into their respective funds:

General Fund	\$11,426.31
Recorder's Document Management Fund	358.00
Electronic Transfer Fund	<u>358.00</u>
Total Collected	\$12,142.31

All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the Treasurer's Monthly Banking and Investment Report showing that as of August 1, 2012 \$12,433,179.31 was invested on behalf of all Delaware County taxing entities in various banks throughout the county. All Ayes

Motion made by Madlom, second by Ries and carried to approve the refund of \$292.50 to Nancy Tjaden, former owner of the Pizza Place in Delhi, for the county portion of the remainder of her unused liquor license. Her last day of business was on July 29, 2012. All Ayes

Carolyn Wilson, Delaware County Treasurer, addressed the Board regarding property owned by New Century Communications; Parcel #210-36-00-019-09, #490-00-03-030-29 and #610-00-07-031-19. New Century Communications, a local cable company, filed bankruptcy in 2009. The website for the New Century Liquidating Trust listed four (4) schedules for payment of claims none of which listed Delaware County. The county tax books have outstanding delinquent taxes for these parcels dating back to FY 2008-2009. The total amount outstanding, including the 2012-13 taxes, is \$18,074.00. Since these parcels cannot be sold at tax sale, the taxes are uncollectible. She is requesting that the Board abate the taxes on these three parcels from 2008-2009, 2009-2010, 2010-2011, 2011-2012 and 2012-2013.

Motion made by Ries, second by Madlom and carried to approve the abatement of all property taxes due between the years 2008-2009 and 2012-2013 for the following parcels owned by New Century Communications:

Parcel #210-36-00-019-09
Parcel #490-00-03-030-29
Parcel #610-00-07-031-19

All Ayes

Jodi Cahalan, Delaware County Assessor, addressed the Board regarding Parcel #590-00-02-031-00 owned by Central Iowa Water Association. Ms. Cahalan explained that she had contacted the Department of Revenue regarding property owned by Central IA Water and was told that the property would be exempt from tax. Unfortunately, only one of their parcels was made exempt. This parcel was erroneously left taxable. She is requesting that the Board approve Central Iowa Water Association's request to abate the \$126.00 of tax due in 2012-2013. She will send a correction to the Auditor to make the property exempt for 2012 values.

Motion made by Madlom, second by Ries and carried to abate the property taxes for FY 2012-13 in the amount of \$126.00 on Parcel #590-00-02-031-00 owned by Central Iowa Water Association. All Ayes

Carolyn Wilson addressed the Board regarding a proposed resolution to abate the mobile home taxes on Parcel #270-20-00-006-09 owned by Shawn & Kristi Smith. The mobile home was moved from the premises last year. At the time it was moved, \$52.00 was pre-paid to cover the prorated tax due. She is asking that the remaining tax of \$160.00 be abated since it is no longer collectible.

Motion made by Ries, second by Madlom and carried to approve the abatement of the remaining mobile home tax in the amount of \$160.00 on Parcel #270-20-00-006-09 owned by Shawn & Kristi Smith. All Ayes

Motion made by Madlom, second by Ries and carried to approve the following speed limit resolution:

SPEED LIMIT RESOLUTION
Laser Road/C60X, Honey Creek Section 2

WHEREAS: The Board of Supervisors of Delaware County is empowered under the authority of sections 321.255 and 321.285, subsection 5 of the Code of Iowa to determine upon the basis of an engineering and traffic investigation conducted by the County Engineer that the speed limit of any secondary road is greater than is reasonable and proper under the conditions existing, and may determine and declare a reasonable and proper speed limit, and

WHEREAS: Such investigation has been requested and completed and the County Engineer has reached an opinion concerning the reasonable and proper speed for the road listed herein,
NOW THEREFORE BE IT RESOLVED, by the Delaware County Board of Supervisors that the existing speed zone south of Edgewood on Laser Road be revised as follows:

For the northbound traffic, relocate the existing 45 M.P.H. and Speed Zone Ahead signs south 535'. For the southbound traffic, relocate the existing 55 M.P.H. sign south 535'.

Passed and approved this 13th day of August, 2012.

/S/ Shirley E. Helmrichs, Chairperson

/S/ Jeff Madlom

/S/ Jerry Ries

Motion made by Ries, second by Madlom and carried to approve the following Amended Secondary Road Policy:

**DELAWARE COUNTY SECONDARY ROAD DEPARTMENT
 POLICY AND PROCEDURE MEMORANDUM**

SUBJECT: Secondary Road Entrances

SECTION 1: PERMITS REQUIRED

Permits are required for all work done within Delaware County Secondary Road rights of way as provided in section 318.8 of the Code of Iowa.

Applications for a permit for a new entrance, or to widen or move an existing entrance, shall be directed to the County Engineer's office. The Engineer or Road Foreman will determine the size and length of culvert needed and will issue a permit to the applicant to construct or widen the entrance. If the applicant does not construct the permit as stated herein, or fails to obtain a permit, the Engineer or Foreman shall notify the applicant of the correction needed and allow 30 days for the applicant to make the correction. If the applicant does not comply with the correction needed, the County will remove the entrance at a cost to the applicant of \$500.

SECTION 2: CULVERTS

The County will determine the need for and size of culverts for each proposed entrance. Fifteen inches is the minimum diameter culvert allowed in the rural area. Twelve inch diameter culverts may be allowed in residential areas and on farm to market extensions with special permission of the county engineer. Only new material may be used in new entrances. Materials used must also be approved by permit. The county will no longer sell pipe from stock to landowners, but will provide a list of culvert suppliers when requested.

Only new corrugated metal, AASHTO approved "plastic", or new reinforced concrete pipes are allowed for use in Delaware County rights of way. Corrugated metal pipe shall be a minimum of 14 gauge for sizes from 15" to 42" and 12 gauge for 48" and larger diameters. "Plastic" pipe shall be AASHTO approved ADS double walled heavy duty, green stripe culvert pipe or equivalent. **Plastic pipe is not recommended for driveways with regular, heavy truck traffic.**

SECTION 3: SIGHT DISTANCE REQUIREMENTS:

Minimum sight distance requirements for house, field or business entrances and private road intersections as shown below:

Road Speed Limit	Single Lot Access	Paved Road Single Access	Minor Subdivision Road	Major Subdivision Road	Commercial Business Drive/Road
25 mph	150 feet	200 feet	250 feet	325 feet	325 feet
30 mph	200 feet	250 feet	325 feet	400 feet	400 feet
35 mph	250 feet	350 feet	400 feet	475 feet	475 feet
40 mph	325 feet	425 feet	475 feet	550 feet	550 feet
45 mph	400 feet	500 feet	550 feet	650 feet	650 feet
50 mph	475 feet	550 feet	650 feet	725 feet	725 feet
55 mph	550 feet	600 feet	725 feet	800 feet	850 feet

Speed limit based on the posted speed limit established by the Delaware County Board of Supervisors or by the Code of Iowa, Section 321.285 where the speed limit is not posted. Driveways and roads will not be approved unless they meet the minimum sight distance requirements of this section. Driveways, road accesses and private road intersections must be approved by the County Engineer's Office.

Commercial businesses include, but are not limited to: manufacturing, shipping, fuel production or distribution plants, factories or facilities; grain elevators, feed stores, large scale animal feed/production operations (CAFO businesses); convenience, grocery, or other stores and other common retail or commercial business operations.

SECTION 4: DRIVEWAY WIDTH, CROSS SECTION AND CONSTRUCTION

The minimum top width for a new driveway width is a 16' top width. Maximum normal driveway widths for different land uses are as follows:

Residential driveways:	30'
Farm Field entrances:	30'
Rural business entrances:	40'

Entrance side slopes shall be 6:1 or flatter on all paved roads. Entrance slopes on granular surfaced or dirt roads shall be 3:1 or flatter. The maximum allowable entrance top width is 30 feet, except by special permit. The construction of vertical headwalls for decorative or driveway widening is not permitted. The County considers such headwalls to be obstructions in the right of way and will require their removal at the landowner's expense.

No dirt from the ditch shall be used to build the driveway unless the County grants written permission. The locating of underground utilities shall be the responsibility of the applicant and may be done by contacting Iowa One Call at 1-800-292-8989.

All entrances on paved roads shall be rock surfaced from the edge of the shoulder to the right of way line. Rock surfacing to be completed and paid for by property owner. Asphalt or Portland Cement Concrete paved driveways are not allowed within Delaware County rights of way on paved roads without special permit from the Engineer's office. Maintenance of all paved driveways or private subdivision streets within Delaware County rights of way is the responsibility of the landowner/applicant/homeowners association. Asphalt and concrete paved driveways on granular surfaced roadways are prohibited.

SECTION 5: EXTRA WIDE DRIVEWAY

In some circumstances, landowners may apply for driveways with widths in excess of those shown in Section 4 of this policy. Extra wide driveway permits will be considered at limited rural locations with heavy incoming and outgoing truck traffic. Extra wide driveways shall not be used in conjunction with the road as part of the farm yard operation, but shall only be permitted to assist in speeding large truck maneuvering with the goal of getting maneuvering trucks off of the road as soon as possible. The extra wide driveway is for improving access only and shall not be used as a parking or unloading area within the county right of way. Due to road top and roadside drainage problems caused by extra wide driveway embankments, approval of more than one extra wide driveway per building or elevator site may not be possible based on specific site conditions.

Landowner must have complied with all terms of the Delaware County Entrance Permit. Driveways requested for widening must have adequate sight distance, an adequately sized culvert, and be at a location as outlined in this section. Existing driveways not meeting current standards may not be widened, but may be moved to a location that meets all other standards. Extra wide driveways are not to be used as lateral or fence line access within the right of way to feed bunks or other livestock servicing. Extra wide driveways are allowed only along county unpaved roads or paved roads with a total top width of less than 36 feet shoulder to shoulder.

To assist in maintaining road surface drainage, driveways constructed at a width greater than shown in section 4 will be required to install a drainage tile at the shoulder line for the full top width, including any flared radii allowed during construction. The drain tile shall be a minimum 4" perforated PVC or dual wall perforated pipe in a 12" wide trench. Backfill will be clean ¾" or 1" limestone or gravel. Tile outlet is to be placed near the outlet of the culvert at the ditch flow line. The beginning of the tile section shall be capped. The outlet is to be galvanized metal and be equipped with a rodent guard. The landowner will pay the full price of the tile and installation plus any cost for the needed driveway culvert to handle ditch flow.

Extra wide driveways will be allowed to a maximum of 60 feet wide over the top of the driveway culvert. Extra wide driveways may still be constructed with a flared area to blend into the road. The maximum radius for flares is 50 feet. The flares may be restricted depending upon the right of way width at the discretion of the County Engineer or Road Foreman.

SECTION 6: DOUBLE DRIVEWAYS

Double driveways may be constructed at locations where either ownership or use changes (for example: house drive and field entrance divided by a line fence can be combined as one access) and there is not room for appropriate driveway slopes. Double driveways may be twice the maximum driveway width listed above for each class of entrance.

SECTION 7: MINIMUM DISTANCE BETWEEN DRIVEWAYS AND INTERSECTIONS

The following minimum distances will be required between driveways and field entrances:

With the exception of a shared driveway to separate properties, driveways shall not be placed closer than 500 feet apart from centerline of driveway to centerline of driveway to allow for adequate space to place entrance culverts and allow for drainage of the road surface. Deep ditches along paved roads may require additional driveway separation. Final driveway separation distances will be determined during a review of the permit application by the County Engineer or the Engineer's designated representative.

Driveways will not be placed within an intersection, except for a T intersection. Driveways in T intersections will only be allowed across from the intersecting road and not within the radii of the intersecting road. T intersection driveways must meet all criteria for sight distance, slope and other requirements stated in this policy. Driveways on a paved, gravel, or dirt road will not be allowed within 500 feet from the centerline of any intersecting road. Any misinterpretation of this section or unusual circumstance will be decided by the County Engineer.

SECTION 8: MAINTENANCE

Property owners will be responsible for all continuing maintenance on driveways. The county will no longer maintain, repair, or replace driveways constructed within the county right of way unless driveways are widened, flattened, or replaced in the course of a county construction or maintenance project. The county will not maintain surfacing stone on any driveways, including driveways for house and building sites. Prior to approving driveway widening requests, the county will check the existing driveway culvert for structural soundness. If the existing culvert is in poor condition at the time an extension is requested, the county may require the permittee to replace the entire culvert.

If the culvert fails for any reason, is blocked and ponding water in the ditch, or if the driveway needs to be reconstructed in the course of ditch cleaning or other maintenance work, the county will contact the property owner to see if the driveway is still needed. If the driveway is no longer needed, the county will remove the driveway as part of the maintenance work or ditch cleaning at no cost to the landowner. If the landowner wants to maintain the entrance, the county will bill the landowner the cost of the driveway culvert. Culvert cost must be paid prior to the work being done unless other arrangements are made with the county engineer. The county will do all work to replace the culvert under the driveway and replace any surfacing stone lost at no additional cost to the landowner in the course of maintenance work. If the landowner refuses to pay the cost of the driveway culvert, the driveway will be removed to restore roadside drainage at no cost and without further compensation to the landowner.

Driveways that are no longer needed by the property owner will be removed by the county during normal maintenance or road construction work without further compensation to the property owner. The property owner may opt to keep the culvert, if one is present, from the driveway after removal, but may not use this pipe at another location within the right of way.

This Driveway Policy has been reviewed and approved by the Board of Supervisors of Delaware County this 13th day of August, 2012:

/S/ Shirley E. Helmrichs, Chairperson

Delaware County Board of Supervisors

/S/ Anthony Bardgett, Delaware County Engineer

All Ayes

Motion made by Madlom, second by Ries and carried to approve the following Amended Secondary Roads Policy:

DELAWARE COUNTY SECONDARY ROAD DEPARTMENT POLICY AND PROCEDURE MEMORANDUM

SUBJECT: Tile Crossings

Tile crossing requests will be referred to the Engineer's Office for permit preparation and investigation. Need, pipe diameter and length will be determined.

Concurrence of landowners on both sides of the road is required, and a written agreement utilizing the County permit form will be provided to the County Engineer.

The landowners shall extend their tile to the right-of-way and make the connection to the road tile crossing.

The Secondary Road Department crew will perform the work for the road tile crossing except in difficult situations when the County may elect to hire a contractor.

As directed by Iowa Code 468.622, tile crossing costs will be paid by the County when the tile line must be projected under the road to obtain a suitable or drainable outlet. Due to the expense of tile boring, the County will pay 50% of the final costs. The County reserves the right to determine whether open trenching or boring is appropriate.

Tile outlets providing suitable drainage but for other reasons the landowners still request putting all the water under the road, the landowners will be required to pay all the crossing or boring cost as directed by the Engineer.

Landowners desiring tile crossings will obtain a permit from the County Engineer.

APPROVED:

/S/ Shirley E. Helmrichs, Chairperson Board of Supervisors

/S/ Anthony Bardgett, County Engineer

All Ayes

Anthony Bardgett, Delaware County Engineer, addressed the Board regarding LP Quotes. He would like the Board to set August 20, 2012 at 1:15 pm as the date and time to receive these quotes for consideration. Supervisor Ries did not feel that one week was sufficient time for the quotes to be prepared and returned. He would rather see in two (2) weeks out instead.

Motion made by Ries, second by Madlom and carried to set August 27, 2012 at 1:15 pm as the date and time to receive quotes on the County's supply of LP. All Ayes

Motion made by Madlom, second by Ries and carried to set August 27, 2012 at 1:15 pm as the date and time to receive quotes on the County's supply of Winter Sand. All Ayes

ENGINEERS REPORT

X21 Paving Project – The shoulders and pavement markings were completed last week. Project is complete
X47 Paving Project – The shoulders and pavement markings were completed last week. Project is complete
Red Schoolhouse Bridge – The bridge rail was poured last week. The dirt subcontractor is in the process of building up the road.
W69 Paving Project – The only item left to complete is the guardrail installation at two (2) culvert sites.
Pin Oak Park Road Paving Project – Pavement markings and shoulders were finished off last week. Project is complete.
218th Street Bridge (Plum Creek Bridge) – The west abutment concrete was poured last week. The contractor will be working on the east abutment this week along with building falsework forms for the deck.
Contract Rock – Rock is being placed in the southwest part of the county this week. The contract rock program for 2012 should be completed this week.
Pavement Marking Program – The paint contractor will be working on edgeline pavement markings this week.

NEXT MEETING

The next regular session of the Board will be on Monday, August 20, 2012 at 1:15 pm at the Supervisors' Office in the courthouse. There is a work session with the City of Manchester at 2:00 pm today regarding the White Water Park.

PUBLIC COMMENTS:

None.

There being no further business before the Board, Chairperson Helmrichs asked for a motion to adjourn.

Motion made by Ries, second by Madlom and carried to adjourn the meeting at 1:51 pm. All Ayes

These minutes have been read and approved.

August 13, 2012
 Manchester, Iowa
 2:00 PM

The Delaware County Board of Supervisors met in work session this date at 2:00 pm with all members present. Also present were Leo Monaghan, Timothy Vick, Ryan Wicks, Carla Becker and one (1) member of the media. Shirley Helmrichs, Chairperson, called the meeting to order.

Timothy Vick, Manchester City Manager, addressed the Board regarding the proposed White Water Park near the Marion Street bridge in Manchester. He stated that the park would be just one phase of a multi-phase River Corridor Project. The entire project would attract people to the river from Backbone State Park to Lake Delhi and eventually on to Monticello. The use of kayaks, canoes and other floatation devices has exploded recently. We are a community with a river running through it. We already have the resource, we just need to promote it. They would eventually like to get a DNR designation of being a "water trail" to help draw more people to the county. They would eventually like to work with neighboring counties to make NE Iowa a vacation destination. According to Mr. Vick, Charles City opened a similar White Water Park last summer. The actually hosted the Iowa Summer Games for Kayaking. Leo Monaghan stated that he went to Charles City around the 4th of July last year and just sat on the bank and observed. He was impressed that for every 1 person in the water, there were four (4) others on the bank watching. The cars in the parking lot were from all over the state of Iowa. The proposed White Water Park will consist of six (6) structures in the water beginning just past Burger King and continuing approximately 900 feet to the railroad bridge. The existing dam, which is currently owned by the city, will also be removed and layered to create the white water effect.

The City, in cooperation with the Good to Great Committee, is looking into some potential grants to help fund the project. Most of these grants require a co-operative effort between the city and the county. They like to show that the project is supported county-wide. Leo Monaghan stated that they have contracted for help with their private fund raising efforts with the same firm that helped with the fund raising for Marietta's Place at the Good Neighbor Home. They have chosen three (3) local Chairpersons for the Fundraising Committee (Diane Hamlin, Wes Schulte & John Dolan) and will hold the first event on September 13, 2012 at Pin Oak Pub and Links. The general public needs to be made aware of the benefits of this project. We need to distinguish Delaware County from the other counties out there. With the recent buyouts, downtown Manchester will be changing in looks. This would be a great way to repurpose those properties and stimulate activity not only in Manchester but also in other communities within the county. In order to bring in the big employers, we need to expand our workforce base. One of the things people look for is recreational opportunities. They are also told that the White Water Park will improve the fish habitat in the area. This will allow for not only more fish, but large fish in the area. According to Mr. Monaghan, the engineering studies show the river is ideal for this type of use. The bedrock in the area is very conducive of supporting these types of structures.

Supervisor Madlom asked if they would be requesting a specific amount from Delaware County. Tim Vick stated that he would like to see a \$50,000 pledge from the county. This could be a lump sum or even \$10,000/year for five (5) years. They are asking that the county pledge these dollars this year but the actual expenditure would not take place until at least next fiscal year. That would give the county time to budget for the expense. He feels, however, that it is vital to the grant process to show the county's commitment to the project. Nothing says that better than a financial stake in it. The White Water Project is projected to cost \$1.6 million. Work on the channel is projected at \$1.2 million with the remaining \$400,000 for stream bank improvements, access points, benches, lighting etc. The City of Manchester has already committed \$600,000 to the project contingent on securing the remainder of the funds needed. Chairperson Helmrichs thanked everyone for taking the time to address the Board today. Since this is a work session no action can be taken at this time. However, she will put the consideration of their funding request on the agenda for the August 27, 2012 Board of Supervisor's meeting.

There being no further business before the Board, Chairperson Helmrichs adjourned the meeting at 2:39 pm. These minutes have been read and approved.

/S/ Shirley E. Helmrichs, Chairperson

DELAWARE COUNTY)

August 20, 2012
Manchester, Iowa
10:00 am

The Delaware County Board of Supervisors met in work session this date at 10:00 am with all members present. Also present were Mark Cory, Mary Kray, Bruce Schneider, Larry Peter, Eve Peter, Steve Leonard, Keith Kramer, Carolyn Wilson, Garlyn Glanz, and Carla Becker. No members of the media were present. Shirley Helmrichs, Chairperson, called the meeting to order at 10:00 am.

Chairperson Helmrichs began the meeting by stating that the draft agreement listed the money as being used for the dam and spillway. In the last work session, she had made a stipulation that the money only be used for filling the breach and constructing the spillway. Her rationale being that the spillway will help protect people living upstream and downstream and removes any human error in regulating the water levels.

Mark Cory, the county's bonding attorney, stated he would change that in the agreement. Since the Board's original resolution stated dam and spillway, the Board can be more limiting than the resolution just not more lenient.

Supervisor Madlom suggested that they go page by page through the draft agreement. However, before they do that Mr. Cory took a moment to discuss the issue of FEMA. He stated that since FEMA money is now possibly back in play, he contacted Pat Hall with Homeland Security to see how that would affect this agreement. According to Mr. Hall, anything that FEMA would cover would not be covered IF it has already been paid for by the county or any other source. The amount of benefit would be reduced by what was already paid for.

Steve Leonard stated that FEMA (through Homeland Security) is willing to sit down with the District Trustees and the Board to discuss the proper wording on documents and how it will affect things moving forward. He continued by stating that Homeland Security is willing to simultaneously close the 2008 paperwork while re-applying for the 2010 flood event to see if anything is available. They have a meeting with Homeland Security on August 23, 2012 to work on the 2010 application. After that meeting they will have a better idea of what will be in the application and what the timeline will be. Chairperson Helmrichs asked Mr. Leonard to please share any information he receives from that meeting with the Board.

Larry Burger joined the meeting at 10:15 am.

Mr. Cory stated that it was important that the agreement be done as a 28E since it is two governmental bodies jointly coming together to rebuild the lake. There then was a lengthy discussion regarding the time frame of the project and the length of the contractual agreement. Supervisor Ries stated he would like everything to end as of December 2014 but would be willing to extend if things weren't complete. Larry Burger suggested possibly two (2) separate agreements; one for the rebuilding and one for the additional public access and other amenities. Mr. Cory did not recommend this since the Board would lose all their leverage as soon as they had spent the money to rebuild.

There was another lengthy discussion regarding the addition of FEMA into the project and how that would affect the county monies. Mr. Cory summarized by stating that it is a "Timing versus funding" issue; are the county and district willing to sit back and wait to see what FEMA decides or are they wanting to move forward with the project with the current funding that is in place? The District Trustees need to remember that the county has already acted on this and has a resolution limiting what they can spend their money on. The Iowa Code does allow for the monies to be spent on other flood related items but the Board would need to start the process over in order to include them.

Steve Leonard stated that they may need the county to go back and re-do the public hearing because language in the county's resolution may disqualify FEMA money from the project anyway. Chairperson Helmrichs took offense that the Trustees are inferring that what the Board of Supervisors has done will throw out FEMA money. Mr. Cory stated that it is only an issue if FEMA covers more than 50% of the spillway construction since that is what the Board is stating the money is to be used for.

Mark Cory stated that this meeting is probably premature. There are big issues that the county and the district need to iron out before an agreement can be finalized. Some of the issues are as follows:

1. What is the county willing to pay for
2. What should the remedies be for enforcement
3. Account for amenities; ownership versus easement
4. Ownership transfer of dam and public beaches
5. Deadline for completion
6. Are the County and District willing to fund the project before they know what FEMA will cover

Garlyn Glanz stated that additional public access has been a priority of the Board of Supervisors and of the Conservation Board since the beginning. They have been asking for an additional primary location of public access with sufficient parking for truck and trailer within a certain radius of the dam for depth. West Turtle Creek should be a secondary ramp due to the shallowness and bridge limitation. However, he does understand that the district trustees are limited and that finding a place for this additional access point would be extremely difficult. If the only reasonable access is at Turtle Creek, then something needs to be done with East Turtle Creek in regards to grading and dredging. He also stated that the Conservation Board would be interested in having the district transfer ownership of East Turtle Creek to the county.

Steve Leonard stated that after their meeting with Homeland Security on August 23rd, perhaps the district should return for another work session with Pat Colgan and Stanley Consultants to answer some concerns with the dam and spillway in relation to each other and where they are at with FEMA. Homeland is acting to help the district put together the application for FEMA funding.

Chairperson Helmrichs stated that she was in favor of the county's money going towards the building of the spillway because it helped those people above and below the dam. It will also help eliminate human error in the operation of the gates.

Chairperson Helmrichs thanked everyone for taking the time to discuss this issue.

There being no further business before the Board, Chairperson Helmrichs adjourned the work session at 12:16 pm.

These minutes have been read and approved.

1:15 PM

The Delaware County Board of Supervisors met in regular session this date at 1:15 pm with all members present. Also present were John LeClere, Chad Faust, Anthony Bardgett, Carla Becker and two (2) members of the media. Shirley Helmrichs, Chairperson, called the meeting to order.

Motion made by Madlom, second by Ries and carried to approve the minutes from the August 13, 2012 regular and work sessions. All Ayes

Motion made by Ries, second by Madlom and carried to approve the following employees to attend their respective meetings: Retroactively for Mike Ryan to attend the Iowa Homeland Security and EM Region 6 meeting in Linn County on August 14, 2012; retroactively for Dennis Lyons to attend the IOWWA Site Evaluation training in Charles City on August 17, 2012; Peggy Petlon and Sandy Ahrens to attend VA Training in Des Moines on August 23, 2012; Peggy Petlon to attend a CPC Regional meeting in Cedar Rapids on August 24, 2012; Peggy Petlon to attend the NEI CPC meeting in West Union on September 6, 2012 and the Transitional Board meeting in Elkader on September 14, 2012; Peggy Petlon and Sandy Ahrens to attend Honor Flight gatherings in Dubuque September 23, 24 & 25, 2012; Sandy Ahrens to attend the VA School in Des Moines October 1, 2 & 3, 2012; Peggy Petlon to attend the CPC Statewide meeting in Des Moines October 1, 2 & 3, 2012; Retroactively for Jeff Madlom and Anthony Bardgett to attend a DOT meeting in Dyersville on August 15, 2012; and Jeff Madlom and Anthony Bardgett to attend the RPA meeting in Dubuque on August 23, 2012. All Ayes

There were no claims submitted for consideration.

There were no "Applications for Approval of Underground Construction On Delaware County Right-of-Way" submitted for consideration.

Motion made by Madlom, second by Ries and carried to acknowledge receipt of the following manure management plan updates: Gary Wedewer, Farm #1, in Section 35 of Colony Township; Linda Kirby in Section 31 of Richland Township; and Gary Wessels in New Wine Township Dubuque County. All Ayes

Motion made by Ries, second by Madlom and carried to acknowledge receipt of the resignation of Bryan Hanson as a part-time seasonal employee of the Secondary Roads Department effective August 17, 2012. All Ayes

County Engineer Anthony Bardgett addressed the Board regarding an unusual opportunity through Iowa State University. A few years back, ISU helped fund along with the county the construction of the 150th Avenue bridge as a research project and applied an asphalt layer over the new bridge deck knowing they would have reflective cracking. ISU is now requesting permission to apply a special polymer modified hot mix asphalt on the 150th Avenue Bridge. This newly designed mix is supposed to resist reflective cracks due to its flexible properties. They would achieve this by milling off the old asphalt and applying the new mix. ISU would cover the cost of the application. However, River City Paving, who is the contractor quoting the hot mix asphalt, is requiring a minimum order of 100 tons of mix. Thus, Mr. Bardgett is requesting the Board to consider paving two other bridge decks to achieve the minimum tonnage. Mr. Bardgett has selected bridges on 190th Avenue and 215th Avenue, in Hazel Green Township. These bridges are already having issues with reflective cracking. River City Paving has submitted a quote for all three bridges for \$15,500 which includes all materials and labor. \$6000 of the quote would be covered by ISU with Delaware County picking up the remainder. Mr. Bardgett anticipates the entire project taking two (2) to three (3) days to complete. The bridges would need to be closed during the milling process but could be open to one lane during paving.

Motion made by Madlom, second by Ries and carried to approve the following bid from River City Paving for the application of a special polymer modified hot mix asphalt developed by Iowa State University as follows:

150 th Ave Bridge	\$6,000
190 th Ave Bridge	\$5,135
215 th Ave Bridge	\$4,365

Iowa State University will cover the \$6,000 cost associated with the 150th Ave Bridge. Delaware County would then be responsible for the remaining \$9,500 for the other two (2) bridge decks. All Ayes

ENGINEERS REPORT

Red Schoolhouse Bridge – Work will continue this week on building up the road grade.

W69 Paving Project – Guardrail installation at two culvert sites still needs to be completed.

218th Street Bridge (Plum Creek Bridge) – All substructure work is complete. The contractor will be working on building forms for the bridge deck.

Contract Rock – The 2012 Contract Rock Program is complete.

Pavement Marking Program – The paint contractor will be finishing the edgeline markings and stop bars this week.

Secondary Road Crews – Secondary Road crews will be working on rebuilding 240th Street (Logan's Quarry Road) from X15 to 190th Ave this week. Crews will be pulling foreslopes, cleaning ditches and replacing cross road culverts.

The next item on the agenda was added due to timeliness.

Chad Faust with Secure Tech Inc. presented a wireless panic alarm system to the Board. These wireless buttons (one per department) when pressed would send a pre-recorded voice message immediately to all Sheriff's radios, City Police radios and scanners. The cost for the system with ten (10) panic buttons would be \$7,500. Each extra button would be an additional \$125.00. Sheriff John LeClere suggested possibly presenting the idea to the Courthouse Security Committee. Supervisor Madlom stated that he did not see a benefit to this system over our current system if there wasn't a panic button at everyone's desk like there is now. The Board thanked Mr. Faust for his time.

NEXT MEETING

The next regular session of the Board will be on Monday, August 27, 2012 at 1:15 pm at the Supervisors' Office in the courthouse.

PUBLIC COMMENTS:

None.

There being no further business before the Board, Chairperson Helmrichs asked for a motion to adjourn.

Motion made by Ries, second by Madlom and carried to adjourn the meeting at 1:40 pm. All Ayes

Recker, in Section 15 of South Fork Township; Welter Idle Not Farms LTD, Mark Welter, in Section 24 of South Fork Township; STL Farms, Virgil Recker, in Section 12 of Delaware Township; and H & K Farms LLC, Harold Wulfekuhle Jr., in Section 23 of Honey Creek Township. All Ayes

Motion made by Madlom, second by Ries and carried to approve the following resolution regarding requested funding:

**RESOLUTION
FUNDING REQUEST FOR WHITE WATER PROJECT**

WHEREAS, during a work session held on August 13, 2012 the City of Manchester and the Manchester Good to Great Committee discussed the Proposed White Water Project on the Maquoketa River in Manchester, Iowa; and

WHEREAS, Tim Vick, Manager for the City of Manchester, stated that the City of Manchester has committed \$600,000 towards the Proposed Project; and

WHEREAS, the County's participation in the project would not only boost the chances of receiving grant monies to help fund the project but would also strengthen the county's commitment to the economic growth of Delaware County as a whole.

NOW THEREFORE BE IT RESOLVED, that the Delaware County Board of Supervisors does hereby commit a total of \$50,000 towards the construction of a White Water Park in the City of Manchester. Said commitment to be payable over five (5) years beginning as early as fiscal year 2014.

Approved this 27th day of August 2012.

Delaware County Board of Supervisors

/S/ Shirley E. Helmrichs, Chairperson

Attest:

/S/ Carla K. Becker, Auditor

All Ayes

Supervisor Madlom wanted to stress that this is an improvement to the entire county's water way and not just an investment in the City of Manchester. This is just Phase I of a project involving the Maquoketa River from Backbone to Lake Delhi and beyond. Chairperson Helmrichs also feels this is a good project for the county to be a part of. If everything falls into place, Manchester City Manager Tim Vick stated that construction could begin as early as the fall of 2013. The DNR has been very supportive of the project since it not only gets rid of the roller dam but it will actually increase the fish population in the area. According to Ryan Wicks, Good to Great Committee, the upstream levels of the river will not be affected.

Motion made by Ries, second by Madlom and carried to approve the following resolution regarding the destruction of records:

**RESOLUTION
DESTRUCTION OF RECORDS**

Pursuant to the 2011 Code of Iowa, Section 331.323 sub section 2d; and Sections 50.19 and 48A.32 of the 2011 Election Laws of Iowa, we do hereby authorize the destruction of the following records in the Delaware County Auditor's Office:

- Claims – July 2006 – June 2007
- Cancelled Warrants – July 2006 – February 2007
- Work Comp – 2005/2006
- Calendar Year End – 2005
- Fiscal Year End – 2005/2006
- IPERS – 2005/2006
- Accrual – 2004/2005
- Unemployment – 2005
- Federal/FICA – 2005
- State Withholding – 2005
- Blue Cross Blue Shield – 2005/2006
- Receipts – 2005/2006

/S/ Shirley E Helmrichs, Chairperson

/S/ Jeff Madlom

/S/ Jerry Ries

Signed this 27th day of August, 2012.

ATTEST:

/S/ Carla K. Becker, Delaware County Auditor

All Ayes

Motion made by Madlom, second by Ries and carried to approve the reissuance of the following warrants:

Warrant #25654	Runde Auto Group	\$99.90	Issued 6/18/2012
Warrant #25763	Runde Auto Group	\$15.95	Issued 6/18/2012

According to the vendor, the original warrants were accidentally shredded. All Ayes

This being the date and time set to receive quotes for 13,000 gallons of LP for the Secondary Roads Department and 2,600 gallons of LP for the Conservation Department, Delaware County Engineer Anthony Bardgett read the following quotes aloud:

	<u>Per Gallon</u>	<u>Total Bid</u>
River Valley Coop	\$0.968	\$15,100.80
Three Rivers FS Company	\$1.078	\$16,816.80
Mulgrow Oil Company	\$1.249	\$19,484.40

Mr. Bardgett recommends approving the low bid from River Valley Coop.

Motion made by Ries, second by Madlom and carried to accept the quotes as read and to award the quote to River Valley Coop for its low quote of \$.968 per gallon with a total quote of \$15,100.80 for the 15,600 gallons delivered to the facilities. All Ayes

This being the date and time set to receive quotes for 5,000 ton of Winter Sand, the County Engineer read the following quotes aloud:

	<u>Per Ton</u>
River City Stone	\$6.30
Bard Materials	\$6.49
Kuhlman Construction LC	\$7.20

Mr. Bardgett recommends approving the low bid from River City Stone. Quotes do not include delivery.

Motion made by Madlom, second by Ries and carried to accept the quotes as read and to award the quote to River City Stone for its low quote of \$6.30 per ton of winter sand (ice control sand). All Ayes

The next item on the agenda was added due to timeliness.

Motion made by Ries, second by Madlom and carried to approve the Fireworks Permit for Kathy Dolan. The display will be held at the Golden Church located at 2959 190th Ave in Ryan on September 2, 2012. The operator, Bryan Hauschild, is a licensed pyrotechnic. There is no rain date listed. All Ayes

ENGINEERS REPORT

Red Schoolhouse Bridge – No dirt work was completed last week due to the subcontractor moving to another job. The major items remaining are dirt hauling for the road grade, rip-rap stone placement, and guardrail. Approximately 20 working days remain on the project.

W69 Paving Project – Guardrail installation at two culvert sites still needs to be completed.

218th Street Bridge (Plum Creek Bridge) – The contractor will be working this week on deck steel reinforcement. If everything goes well this week, the intention is to pour the concrete deck on Friday.

Pavement Marking Program – Edgeline pavement markings and stop bars were completed last week. Project is complete.

Secondary Road Crews – Secondary Road crews will be working 240th Street (Logan's Quarry Road) from X15 to 190th Ave this week. The road is mostly re-graded and rocked up to Logan's Quarry. Tomorrow a box culvert will be replaced and will require the road to be closed. All work is anticipated to be done by Wednesday.

NEXT MEETING

The next regular session of the Board will be on Monday, September 10, 2012 at 1:15 pm at the Supervisors' Office in the courthouse. There will not be a meeting held the week of September 3, 2012 due to the Labor Day holiday.

PUBLIC COMMENTS:

None.

There being no further business before the Board, Chairperson Helmrichs asked for a motion to adjourn.

Motion made by Ries, second by Madlom and carried to adjourn the meeting at 1:39 pm. All Ayes

These minutes have been read and approved.

/S/ Shirley E. Helmrichs, Chairperson

/S/ Carla K. Becker, Auditor
