Motion made by Dabroski, second by Helmricks and carried to set Friday, April 10, 2015 at 4:30 pm as the deadline for the Emergency Management Coordinator to be moved out of the jail basement office at the courthouse. Chairperson Madlom stated that it was approved at the last EMA Commission meeting to pursue the Earlville location for the EMA Coordinator's Office. To keep the transition of this position from county employment to commission employment moving in a positive direction, Mr. Madlom felt there needed to be a deadline set to make the move. Supervisor Helmricks stated she has had several positive comments regarding the EMA Coordinator being centrally located within the county. All three Board members expressed their appreciation to the City of Earlville for providing space for the EMA Coordinator's office. All Ayes

Discussion Regarding Future Location of EMA Coordinator's Office

Chairperson Madlom stated he feels very strongly that there needs to be a transition period to sit back and re-evaluate the communication between the Board of Supervisors and the EMA Coordinator. He feels it is the right move for everyone involved to have the coordinator located in Earlville. All Board members felt that it was too early in the process to discuss any future uses of the courthouse facility.

Motion made by Helmricks, second by Dabroski and carried to approve the recommendation of County Engineer Anthony Bardgett to purchase a used 1988 Blaw Knox RW-100 Road Widener with 1,742 logged hours for a delivered price of \$34,500. With over 220 miles of paved roadway in Delaware County, this piece of equipment will dramatically help with the maintenance of the gravel shoulders along these paved roadways. This is really a safety issue according to Mr. Bardgett. If the shoulders are too low, he explained, then it is harder for drivers to correct themselves if they go off the edge. Chairperson Madlom and Ron Dzaboff traveled to New York to physically inspect this used piece of equipment. They felt the machine was in excellent shape and would serve the county's purpose. Motion made by Helmricks, second by Dabroski and carried to award the bid for the FY15-16 motor grader purchase to Altorfer, Inc. for its low bid of \$249,625 (including trade) for a 140M3 Caterpillar AWD. The traded vehicle was a 1990 CAT 140G. All Ayes

ENGINEER'S REPORT

Turtle Creek Bridge Project – Taylor Construction poured the bridge deck last week. The next step is to construct the bridge rail.

300th Ave Bridge Project – Taylor Construction finished all work last week and opened the road to traffic on Friday.

NEXT MEETING – The next regular session will be held on Monday, April 13, 2015 at 1:15 p.m.

PUBLIC COMMENTS – **Harold Knutsen** addressed the Board regarding Rockville Road on the east side of Delaware County. He and other property owners along said roadway feel the condition of this road is terrible. The mud holes and washed out areas make this a safety issue. They would like to see it paved. County Engineer Anthony Bardgett stated he knows this section of roadway well. Even though the County is not paving new roadways right now, he will take a look at it and see what can be done from a maintenance viewpoint. **Sheriff John LeClere** stated that he has two open houses scheduled for the jail facility. The dates of the open houses are Saturday April 11th and Saturday April 25th from 9:00 a.m. – 3:00 p.m. each day. He is hoping that the State Jail Inspector Harold Longley will be in attendance at least one of those days. **Doug Dabroski** stated he visited the Lake Delhi Dam construction site. According to District Trustee Pat Colgan, all seems to be going on schedule.

Motion made by Helmricks, second by Dabroski and carried to adjourn the meeting at 2:03 p.m. All Ayes

Update on Dyersville's 20 West Industrial Park

Jackie Rahe, Economic Development Director for the City of Dyersville, and Dyersville Mayor Alvin Haas addressed the Board regarding the 2nd phase of the 20 West Industrial Park. According to Ms. Rahe, there will be a ground breaking ceremony on June 12, 2015 with the Governor and Lt. Governor in attendance. Open houses at the existing facilities will occur on the same date. They are actually ready to begin construction now. The City of Dyersville has also applied for a Rise Grant for the extension of Industrial Parkway 2,000 feet to the west.

Regarding the new interchange on US Hwy 20, she has been told the state is set for a May bid letting. She also informed the Board that Iowa Network Services (INS) is looking at placing fiber optics along Highway 20 between Dyersville and Manchester. INS will be holding informational meetings in Dyersville on April 28th and Manchester on April 29th. Mayor Haas concluded by stating that the City of Dyersville is wanting to keep the line of communication between the city and Delaware County open. There are a lot of things happening in Dyersville, with most of them being in Delaware County. His door is always open.

The Board thanked Ms. Rahe and Mayor Haas for keeping them informed.

Motion made by Helmrichs, second by Dabroski and carried to acknowledge receipt of the Clerk of Court's monthly report and remittance showing that for the month of March 2015 \$1,471.60 was collected for various fines and fees and deposited into the general funds. All Ayes

Motion made by Helmrichs, second by Dabroski and carried to approve the purchase of a 2015 Ford Transit Cargo Van T-150 from Runde Auto Group in Manchester for \$25,430. The cost of said vehicle to be paid for equally by the Board of Supervisors for use within its custodial department and the County Auditor's Office for use within its elections department. This vehicle will replace the old survey van which was transferred from the Secondary Roads Department to the Board and Auditor approximately two years ago. Prior to receiving the former Secondary Road's vehicle, the Custodian and Auditor's Office were using their own private vehicles for the performance of their county duties. Late last month, the old survey van developed engine problems. Being the vehicle was over 15 years old and the body and interior of the vehicle were in need of repair, options for replacing the vehicle were explored. The Ford Transit T 150 is versatile enough to be utilized by any county department including the Sheriff's Department. It has ample storage capacity for the bulky election equipment and enough head room to allow employees to stand upright instead of crawling into the vehicle. The vehicle will be equipped with a window in the passenger side panel to allow for added visibility when backing. All Ayes

Motion made by Helmricks, second by Dabroski and carried to direct the Auditor to publish the following notice in the official newspapers of the county along with the original resolution calling for the May 5th election as approved on March 16, 2015:

**NOTICE OF PROPOSAL OF DELAWARE COUNTY, IOWA TO ISSUE NOT TO EXCEED
\$4,900,000 GENERAL OBLIGATION BONDS (COUNTY JAIL AND SHERIFF'S OFFICE),
ELECTION CALLED; PROJECT DETAILS**

On March 16, 2015, the Board of Supervisors of Delaware County, Iowa, took action to call an election on Tuesday, May 5, 2015 upon the proposal to issue not to exceed \$4,900,000 General Obligation Bonds for the purpose of reconstructing, enlarging, improving, equipping, and furnishing the County Jail and Sheriff's Office. The total project cost is estimated at \$4,900,000.

This notice is given by order of the Board of Supervisors of County of Delaware, State of Iowa, as provided by Section 331.442 of the Code of Iowa.

ENGINEER'S REPORT

Turtle Creek Bridge Project – Taylor Construction poured the bridge rails last week. They will be stripping the rail forms this week. The boat ramp is being graded this week for paving. Paving will either take place this week or next week.

NEXT MEETING – The next regular session will be held on Monday, April 20, 2015 at 1:15 p.m.

PUBLIC COMMENTS –

Sheriff John LeClere addressed the Board as Chairperson of the Emergency Management Commission to inform them that the EMA Coordinator has been moved out of the jail basement within the courthouse facility and into his new location within the former Earlville City Hall building.

Sheriff LeClere also stated that an open house was held at the Delaware County Jail on Saturday, April 11, 2015. They had a great turnout for the event and the State Jail Inspector was on site to answer questions the entire time. He also has put together figures on how many people are waiting to serve their time within the Delaware County Jail. To date, there are 57 people waiting for a jail cell to come open so that they can serve the time they were sentenced to for various crimes.

Terry Boge and Mark Stelken addressed the Board with regards to having their portion of 197th Street near Dyersville hard surfaced. Even though this is a dead end roadway, it does tie different subdivisions together along with at least two farms. Mr. Boge had originally approached County Engineer Anthony Bardgett with the prospect of vacating the county's right-of-way along this road so that the private owners could pave it themselves. However, he does not feel this is a viable option.

Mr. Bardgett would not recommend doing any form of cost sharing with private individuals with regards to paving a roadway. The option of special assessment against the adjacent property owners was brought up. Mr. Bardgett stated he has heard of other counties doing this and will investigate how this is being done. However, the Board has recently taken emphasis away from adding new hard surfaced roadways to simply trying to maintain the existing hard surfaced roadways in Delaware County. Even with the increase in the gas tax, the county will still fall short of what it needs to maintain the existing roadways and bridges.

With 20 existing houses in the subdivision, 4 existing farm houses and the potential for 8-10 more houses to be built, they are just looking for a way to get this small section of roadway hard surfaced.

The item will be placed on the agenda as soon as Mr. Bardgett has had time to research the options.

The Delaware County Board of Supervisors met in work session this date at 6:00 p.m. with Dabroski and Helmrichs present and Madlom absent. Also present were John Ries, Ruth Ries, Anthony Bardgett, and Carla Becker. There were no members of the media present. Vice-Chairperson Dabroski called the meeting to order.

The work session was originally called in order for the Board to have an open discussion with all property owners adjacent to the extension of Andrew Street north of the corporate limits of the City of Hopkinton. According to the County Attorney's Office, Delaware County has fee simple title to this section of roadway. For the past several years John and Ruth Ries, adjacent owners to the east, were led to believe they owned this section of roadway and have been maintaining it by applying rock when needed. According to Mr. Ries, the City of Hopkinton has been removing the snow on the roadway.

County Engineer Anthony Bardgett stated that the county would like to vacate their right-of-way across this section of roadway and deed title back to the adjacent property owners. However, in order to do this the property owners will need to have some form of easement agreement between them so that everyone has access to their property.

Mr. Ries stated that he was in the process of vacating his subdivision on the easterly side of the roadway and that this issue was discovered during the research into said vacation. He would like to get things cleaned up once and for all. However, it would like to see it kept as simply as possible.

According to Mr. Bardgett, the next step is to have the county Attorney's Office review the situation and see if a proposed easement agreement could be drafted between all the property owners on this portion of roadway. Once the easement agreement is in place, the county should be able to proceed with vacating and deeding away portions of the roadway to the adjacent property owners. County land surveyor Brad Burger will put together a plat dividing this roadway in adjacent pieces either by means of a plat of survey or a subdivision plat. This will make the transfer process much easier.

The Board thanked Mr. and Mrs. Ries for coming in. Someone will contact them, and the rest of the adjacent property owners, as soon as they have information from the County Attorney.

The work session was closed at 6:34 pm.

These minutes have been read and approved.

Discussion and Possible Action Regarding Amendment to 28E Agreement with Dubuque County for Interim County Engineer Services

Supervisor Madlom began the discussion stating that the original 28E Agreement entered into between Delaware County and Dubuque County for the short-term sharing of our County Engineer was written to only involve the approval of payroll, claims and plats. It appears this position has mushroomed from the original agreement. County Engineer Anthony Bardgett went on to state that his responsibilities with Dubuque County are much greater than had been anticipated, and he feels his compensation should be adjusted. The county attorney's office also feels that the additional duties Mr. Bardgett will be performing on behalf of Dubuque County will expose the county to greater liability since Mr. Bardgett's actions are covered under the county's insurance policy. Supervisor Madlom stated the original agreement was written to last the lesser of three months or until Dubuque County appointed someone to fill their vacant County Engineer position. Since the scope of the agreement has changed the Board feels an amended agreement should be approved between the two counties. Supervisor Helmricks stated they will need to contact the Dubuque County Supervisors again in an attempt to amend this 28E Agreement.

WHEREAS, the City of Edgewood requests to detour traffic on Delaware County roads, from 1:00 p.m. to 3:00 p.m. on June 27, 2015 due to their annual parade, and

WHEREAS, the City of Edgewood will provide any and all necessary traffic control devices, all meeting the specifications of the Manual On Uniform Traffic Control Devices, and

WHEREAS, the City of Edgewood will provide law enforcement to direct traffic during the parade,

NOW THEREFORE BE IT RESOLVED that the Delaware County Board of Supervisors has approved the City of Edgewood's request for traffic detour:

Beginning at 195th Avenue west of Edgewood, then south one mile to 110th Street, then east one mile to County Highway C60X (Laser Road), then north into Edgewood terminating at Iowa State Highway 3.

PUBLIC HEARING – Mullis Pork, LLC Construction Permit Application for Confined Feeding Operation

Chairperson Madlom opened the public hearing at 1:12 pm. The applicants, Mullis Pork, LLC, have submitted an application for the construction of a confined feeding operation in Section 2 of Oneida Township consisting of two new 2,480 head deep pit swine finisher confinement buildings for a new swine confinement facility.

Supervisor Helmrichs stated that she and Supervisor Madlom went on the site tour with Chris Gillner from the Department of Natural Resources on April 16th. The proposed facility will be located just down the road from Mike Mullis's home site. She did have to receive clarification on a portion of the matrix that was scored in #34 but was appearing on the sheet in #35. After receiving confirmation that the score should have been under #34, then all matrix points add up correctly. Supervisor Helmrichs commented that it was a very good site visit. "I like seeing a family owning and operating the facility," she said.

There being no further comments either written or oral, the public hearing was closed at 1:23 pm.

Discussion and Possible Action Regarding Amendment to 28E Agreement with Dubuque County for Interim County Engineer Services – tabled from April 20, 2015

During the meeting on April 20, 2015, the Board discussed a possible amendment to the existing 28E Agreement between Delaware County and Dubuque County for interim engineering services. The original 28E Agreement entered into between Delaware County and Dubuque County for the short-term sharing of our County Engineer was written to only involve the approval of payroll, claims and plats but in reality had quickly mushroomed into the full scope of a county engineer's responsibilities. In order to compensate for the added liability on Delaware County and the added responsibilities on County Engineer Anthony Bardgett, there needs to be an amendment to the original agreement. The following amendments are being proposed:

1. Paragraph #3 – the original agreement limited the scope of services to just the signing of payroll, plats and claims. The proposed amendment removes this limitation.
2. Paragraph #6 – The original agreement had Dubuque County paying Delaware County \$100.00 per hour, an additional \$65.00 per visit (which would be reimbursed directly to Mr. Bardgett), and \$.50/mile. The proposed amendment would increase the \$100.00 to \$150.00 per hour to reimburse Delaware County. It would also remove the per visit language and replace it with an hourly compensation (plus associated FICA & IPERS) for Mr. Bardgett of \$45.00 per hour. The mileage reimbursement would remain the same.
3. Paragraph #7 – a new paragraph would be added making the amendment retroactive back to the original effective date of March 13, 2015.

Chairperson Madlom feels it is important to help out our neighboring county. Delaware County has needed this type of service twice in the past 25 years. However, since the scope of the service has changed so much, he feels the proposed changes are definitely needed.

The Board stated that the increase in scope is only possible because of the quality of employees within the Secondary Roads Department. However, Supervisor Helmrichs stated she is still looking forward to the day when Mr. Bardgett is solely in Delaware County again. Mr. Bardgett wanted to emphasize that his priority is Delaware County. He will not let this agreement affect his work in Delaware County.

Motion made by Dabroski, second by Helmrichs and carried to approve the following amendment to the 28E Agreement with Dubuque County for county engineer services:

AMENDED AND SUBSTITUTED 28E AGREEMENT FOR SHARING COUNTY ENGINEER

COMES NOW Delaware County, Iowa, and Dubuque County, Iowa, and, pursuant to the provisions of Iowa Code Chapter 28E.5, enter into a joint and mutual agreement for the sharing of a County Engineer pursuant to the provisions of Iowa Code Section 309.19.

Dubuque County's Engineer, Bret Wilkinson, has tendered his resignation to leave the employment of Dubuque County, and Dubuque County wishes to be covered during the transition period between Bret Wilkinson's resignation from Dubuque County and the hiring of a replacement.

Iowa Code Section 309.19 permits adjoining counties to enter into an agreement to jointly employ a County Engineer and requires that provisions of Iowa Code Chapter 28E be applicable to the agreement. Therefore, the parties agree as follows:

1. This agreement is expected to be of a short duration, lasting no more than three months from the date of signing

- unless extended by mutual written agreement.
2. No separate organization is created or planned by the counties. Delaware County shall bill Dubuque County for costs incurred by Delaware County, including the sharing of salary and other costs of the joint program. The parties are unable to determine the exact amount of time that will be required of the Delaware County Engineer in serving Dubuque County, but agree that the proportionate share of the Delaware County Engineer's time used for the benefit of Dubuque County shall be billed to Dubuque County with other costs associated with the sharing, and Dubuque County shall promptly reimburse Delaware County.
 3. Pursuant to this agreement, Delaware County Engineer Anthony Bardgett shall be appointed the interim Dubuque County Engineer. Bardgett shall be the Dubuque County Engineer until a full time replacement for Wilkinson is appointed or no more than three months from the date of signing, whichever occurs first.
 4. The purpose of the 28E Agreement is to comply fully with the provisions of Iowa Code Section 309.19 to permit Dubuque County, Iowa, to share with adjacent county, Delaware County, Iowa, the services, as defined in paragraph three, of the Delaware County Engineer for a period not to exceed three months.
 5. The manner of financing the joint or cooperative undertaking and establishing and maintaining a budget therefore, shall rest with Delaware County, Iowa, which shall periodically bill Dubuque County for these services and Dubuque County shall promptly reimburse Delaware County.
 6. Dubuque County shall pay to Delaware County, as a part of the sharing agreement, the following amounts:
 - a. \$150.00 per hour. The amount of \$150.00 per hour represents the total cost for the Engineer's services, including salary and fringe benefits.
 - b. \$45.00 per hour, plus the associated FICA and IPERS, for the time Bardgett spends in and traveling to and from Dubuque County. Delaware County will pay out that amount directly to Engineer Anthony Bardgett.
 - c. Dubuque County shall pay mileage reimbursement of \$.50 cents per mile for use of a Delaware County vehicle.
 7. The pay rates in paragraph 6 shall be retroactive to the date the original 28E agreement became effective.

ENGINEER'S REPORT

Turtle Creek Bridge Project – One-half of the boat ramp was poured last week with the second half anticipated to be completed on Tuesday. The cable guardrail still needs to be installed. Once the rail is installed, and all other minor miscellaneous items are completed, the road will be opened to traffic.

Road Closure – 285th Street west of X47 was reopened to traffic last Friday.

NEXT MEETING – The next regular session will be held on Monday, May 4, 2015 at 1:15 p.m.

PUBLIC COMMENTS –

Terry McGovern commented on his concern with the construction of wind turbines near his home in Earlville. He stated that health issues regarding a person/child's inner ear have been linked to the infra noise created by the operation of the turbines. He also cited environmental issues with regards to bald eagles and other birds. As a business professor he is concerned with the economic impact of the potential decommissioning of these turbines in the event the company goes under or tax laws change. He will look into getting on the Board's agenda sometime in the near future to discuss his concerns in detail.

Larry Beaman, current VA Commissioner and Post 45 Commander, stated that Resolution #33 declared May as National Military Appreciation Month. Since this year signifies the 40th Anniversary of the end of the Vietnam War, he would like the Board to consider proclaiming May Military Appreciation Month in Delaware County. He provided a proposed proclamation and asked to be placed on the May 4th agenda.

Sheriff John LeClere – The Sheriff updated the Board on the jail open house which was held on Saturday, April 25th. He stated he was very pleased with the turnout for the day. This was the last open house scheduled before the May 5, 2015 election.

The Delaware County Board of Supervisors met in work session this date at 12:30 p.m. with all members present. Also present were Mike Ryan, Delmar Hardin, Amber Reiter, Anthony Bardgett, Carla Becker, and one member of the media. Chairperson Madlom called the meeting to order.

Discussion Regarding the Existence of Highly Pathogenic Avian Influenza (H5N2 HPAI) in Iowa

Mike Ryan, Emergency Management Coordinator, and Delma Hardin, Public Health Administrator, addressed the Board regarding the presence of H5N2 HPAI in Western Iowa. They have been tracking the outbreak and note that 24 sites in Iowa have tested positive. Authorities are still trying to determine how it is spreading. The thought was through migratory waterfowl but none have tested positive to date.

Once infected, there is no cure for the birds. Symptoms include unwillingness to eat watery diarrhea changing from bright green to white, swollen combs and wattles, swelling of the eyes and neck, high fever, coughing and breathing difficult. A drop in egg production will drop and often stop all together. According to the Iowa Department of Agriculture and Land Stewardship, the USDA will be the agency in charge of the infected areas. Their plan is to first quarantine the area, eradicate (depopulate) the infected birds, monitor the region for further infection, disinfect the areas where the virus is found, and to test to make sure the virus has been killed.

Due to the absence of traditional communication methods, a flyer provided by the USDA was distributed by Mr. Ryan to the Amish Communities in Delaware County to make them aware of the issue.

The material from the USDA states that there are no food safety concerns associated with HPAI and poultry/egg consumption.

Amber Reiter, Program Director at the Delaware County office of ISU Extension stated that poultry can still be taken as Delaware County Fair exhibits. However, they will need to be quarantined for 30 days after.

The Board thanked everyone for the information and asked to be kept update on the situation. The work session was closed at 1:04 pm.

These minutes have been read and approved.

Motion made by Dabroski, second by Helmricks and carried to approve the following proclamation request:

PROCLAMATION

MILITARY APPRECIATION MONTH

Recognizing and honoring the United States Armed Forces and supporting the designation of a National Military Appreciation Month

Whereas the vigilance of the members of the Armed Forces has been instrumental to the preservation of the freedom, security, and prosperity enjoyed by the people of the United States; and

Whereas the success of the Armed Forces depends on the dedicated service of its members, their families, and the civilian employees of the Department of Defense and the Coast Guard; and

Whereas the role of the United States as a world leader requires a military force that is well-trained, well-equipped, and appropriately sized; and

Whereas to maintain such a force, the youth of Delaware County must possess a commitment to military service sufficient to achieve the levels of recruitment and retention necessary to sustain the strength, vitality, and character of the Armed Forces; and

Whereas to foster and sustain such a commitment it is vital for the youth of Delaware County to understand that the service provided by members of the Armed Forces is an honorable legacy that protects the freedoms enjoyed by citizens of the United States as well as citizens of many other nations; and

Whereas the Delaware County Supervisors have the responsibility to raise awareness of and respect for this aspect of the heritage of the United States and to encourage the people of Delaware County to dedicate themselves to the values and principles for which Americans have served and sacrificed throughout the history of the Nation; and

Whereas service in the Armed Forces entails special hazards and demands extraordinary sacrifices from service members and their families; and

Whereas the support of the families of service members enhances the effectiveness and capabilities of the Armed Forces; and

Whereas the observance of events recognizing the contributions of the Armed Forces is a tangible and highly effective way of sustaining morale and improving quality of life for service members and their families; and

Whereas on April 30, 1999, the Senate passed S. Res. 33 (106th Congress), entitled 'Designating May as National Military Appreciation Month', calling on the people of the United States, in a symbolic act of unity, to observe a National Military Appreciation Month in May, to honor the current and former members of the Armed Forces, including those who have died in the pursuit of freedom and peace; and

Whereas it is important to emphasize to the people of Delaware County the relevance of the history and activities of the Armed Forces through an annual National Military Appreciation Month that includes associated local and national observances and activities.

Now, therefore, on this 4th day of May, 2015, the Supervisors of Delaware County Iowa do hereby support and proclaim the observation of May as National Military Appreciation Month.

Presentation – America's Renewable Future – Dan Balm

According to Dan Balm, America's Renewable Future is a non-partisan political action group committed to educating presidential candidates and the nation on the benefits of the Renewable Fuel Standard (RFS) which is scheduled to phase out in 2022. According to Mr. Balm, since the RFS was instituted in 2007, Iowa has become a national leader in renewable energy. With the RFS being under attack by oil companies and some Washington politicians, they are asking caucus goers and local officials to support candidates who support the RFS.

Discussion of Method to Fill Vacancy in Elected Office – Delaware County Recorder's Office

The Board has been informed they have two options with regards to filling the vacancy left by the resignation of County Recorder Deborah Peyton. According to Iowa Code, the Board can either appoint someone to fill the vacancy until the next regularly scheduled election or the Board could call for a Special Election to fill the vacancy. All Board members expressed opinions against calling for a Special Election due to the cost involved in holding one.

There were also two options with regards to appointing someone to fill the vacancy; appoint from within or go out for applications and hold interviews. Chairperson Madlom stated he feels there is someone already employed within the Recorder's Office who is incredibly qualified and willing to serve as County Recorder. However, he can see the benefit of going out for applications as well. Supervisor Helmrichs stated that she feels it would be cleaner to have people apply for the position and hold interviews. That way they can explore all their options. Accepting applications and holding interviews gives everyone the opportunity to apply if they are interested and also gives the Board the best pool of candidates to choose from.

Motion made by Helmrichs, second by Dabroski and carried to fill the Delaware County Recorder vacancy by appointment through the process of accepting applications and conducting interviews. According to Iowa Code Section 69.14, the Board has 40 days from the effective date of the vacancy to appoint someone to the position. With a June 30th effective date for Ms. Peyton's resignation, this gives a deadline of August 9, 2015 for an appointment to be made. All Ayes

Discussion of Possible Jail Upgrades

In light of the recent defeat of the bond issue to remodel and improve the Delaware County Jail, the Board must look at making some of the needed repairs within the facility. According to Chairperson Madlom, "the referendum may have failed but the problems didn't go away." Sheriff John LeClere stated that the Board needs to move forward with the removal of the old house. He also stated the Board needs to schedule a meeting with the State Jail Inspector to see if he has any ideas on how to move forward within the parameters of the current code of Iowa. They will now need to get more serious in addressing some of these issues.

When asked to prioritize the projects facing them, Sheriff LeClere stated that the #1 priority has to be security within the booking and exercise rooms. They could go also look at going to additional jail staff to alleviate security issues. Supervisors Helmrichs stated that current code allows for up to \$600,000 to be spent on upgrades to the jail without a referendum. With said funds, Sheriff LeClere stated they could look at renovating the existing jail to at least get a secure booking area which would most likely reduce their capacity from 12 to 10 inmates. They could also consider transferring all female inmates to other counties.

Motion made by Helmrichs, second by Dabroski and carried to approve the transfer of \$164,640 from the Rural Services Fund to the Secondary Roads Fund based on tax collection in April 2015. All Ayes

ENGINEER'S REPORT

Turtle Creek Bridge Project – All finish grading and rock resurfacing was completed last week. The subcontractor is seeding today. The only item that remains is the cable guardrail installation. The road will not be opened until this is completed.

C64 Paving (200th Ave to Hwy 38) – Secondary Road crews are still working this week on building out the shoulders and foreslopes. The paving contractor is anticipating beginning work sometime in July.

NEXT MEETING – The next regular session will be held on Monday, June 1, 2015 at 1:15 p.m. Due to the Memorial Day holiday, the Board does not anticipate holding a meeting next week.

PUBLIC COMMENTS

Jerry Ries stated his disappointment that the bond issue did not pass. He feels having deputies transporting prisoners to other counties takes them away from the county where they are needed. He stated that people were confused that it was an entire new building versus an expansion of the existing facility. In his opinion, taxpayers are going to pay one way or the other.

The Delaware County Board of Supervisors met in work session this date at 1:15 p.m. with all members present. Also present were Michael Galloway (via teleconference) and Carla Becker. No members of the media were present. Chairperson Madlom called the meeting to order.

The Board called the work session to discuss with Mr. Galloway, the Auditor's attorney for human resource issues, the implications of the passage of HF166 on the county's conversion policy for accumulated sick leave in regards to elected officials. One of the elected officials had posed the question to County Attorney John Bernau who felt there was too much of a conflict of interest for him to form an opinion.

Mr. Galloway stated that in his opinion, the regulations set forth in HF166 would affect the Board's ability to honor its conversion policy for accumulated sick leave with regards to elected officials after July 1st.

Supervisor Helmrichs was on the Board when this policy was expanded to include department heads and elected officials. She stated it was done in good faith to benefit those who had served the county for many years. The Board was told that the legislation would not affect their policy by both legislators in the state house and senate. Thus, they are disappointed to hear that it does affect the policy now that the legislation has passed.

Understanding that their policy will need to be amended by July 1st to reflect the change in the law, both Supervisors Helmrichs and Madlom feel the county should honor its obligation to those current officials who were counting on the conversion policy for retirement purposes. They also feel the policy should be amended to protect those current employees who may assume an elected position prior to retirement.

Chairperson Madlom asked that Mr. Galloway and the County Auditor work on a resolution to amend the sick leave policy to reflect the change in the law, to honor the county's obligations to current elected officials for sick leave conversion prior to June 30, 2015, and protect the benefits of those current employees who may assume an elected position after July 1, 2015. Chairperson Madlom asked to have consideration of said resolution placed on the agenda for the June 1st meeting.

There being no further business before the Board, the meeting was adjourned.

These minutes have been read and approved.

AGREEMENT MADE and entered into this 1st day of July, 2015, by Delaware County Memorial Hospital d/b/a Regional Medical Center of the city of Manchester, Iowa acting by and through its Board of Trustees hereinafter referred to as "RMC" and through the Delaware County Board of Supervisors hereinafter referred to as the "County", and the Delaware County Board of Health hereinafter referred to as the "Board" as follows:

WHEREAS, the RMC is a duly organized operating hospital, under the laws of the State of Iowa, and is desirous of assuming functions to facilitate the provision of core public health functions, and other essential public health services to the residents of Delaware County, and providing those services under the names Delaware County Public Health and Regional Medical Home Care (Medicare Provider Number 06-71560) as subsidiaries of Delaware County Memorial Hospital d/b/a Regional Medical Center.

WHEREAS, the County is desirous of entering into an agreement for the provision of services by the Regional Medical Center,

WHEREAS, the Board is desirous of arranging for the RMC to assume services, and

WHEREAS, the parties desire to provide a statement of their agreement for the RMC to provide needed public health services to Delaware County residents by operating and being responsible for public health functions during the term of this agreement.

IT IS NOW THEREFORE AGREED by and among the parties as follows:

- I. THIS AGREEMENT shall be effective commencing July 1, 2015, and terminates on June 30, 2016.
- II. THE RMC continues to be committed to providing services to all residents of Delaware County, without regard to their ability to pay for such services. A sliding fee schedule is used when appropriate. RMC is responsible for providing each of the services outlined in Delaware County's Local Public Health Services Contract (LPHSC) application and any subsequent Requests to Modify or Alternative Plans approved by the County Board of Health.
- III. RESPONSIBILITIES OF THE COUNTY RELATED TO THE LOCAL PUBLIC HEALTH SERVICES CONTRACT shall include the following:
 - A. The County shall annually budget for and act as fiscal agent for the Board for the amount appropriated from the Iowa Department of Public Health Local Public Health Services Contract.
- IV. THE RMC shall keep all records, reports and statistical data related to public health services, and shall make and file timely reports required by statutes or administrative rules, or required by the terms and conditions of any grant or other program with the appropriate governmental unit or other authority or agency requiring the same, and shall inform the Board of such matters. The Regional Medical Center shall maintain confidentiality of all individual medical records.

THEREFORE, in consideration of the mutual covenants and agreements of this contract, it is understood by and between the parties hereto as follows:

- A. The RMC shall maintain an independent staffed public health and home care subsidiary departments to provide public health services as delineated in Section II of this agreement, which will function under the direction of the Chief Administrative Officer of RMC.
- B. The RMC shall make available proper and sufficient space to accommodate the employees and records.
- C. The RMC shall have control of interviewing, hiring, discharging and setting the compensation for employees. The Employee Handbook of RMC shall be in effect for all persons employed. The RMC agrees to provide a registered nurse administrator, competent in public/community health nursing, to direct the department which employs registered nurses and staff competent in public health/community nursing, and homemaker/home health aide services to assist in fulfilling the objectives of this agreement.
- D. The RMC shall obtain any necessary licenses, permits or the authority to perform its duties hereunder and shall furnish proof thereof at the request of the County or the Board.
- E. The RMC will hold the County and the Board harmless from liability for any act or omission by the RMC, its employees and agents in performing this agreement.
- F. The RMC shall work with the Board in providing direction and advice in matters relating to the public health services rendered by the RMC. The Board will meet a minimum of six times annually, as scheduled. Public health nursing and homemaker/home health aide duties established either by statute or administrative rule of the State of Iowa or any federal law or mandate shall be carried out by the RMC.
- G. The County shall provide funds to the RMC for providing services as contracted for and required by the Code of Iowa, Chapter 139, and for such services as mutually agreed by all parties concerned as set forth below:
 1. The County shall annually budget for and reimburse RMC for the cost of providing public health services.
 2. The amount of funds provided to RMC by the County shall be determined by mutual agreement between said parties and shall be paid by the County to the RMC. Each year the RMC shall establish a budget for the provision of public health services to the County. The County shall reimburse RMC for the cost of providing Public Health services.
 3. The maximum amount of liability the County shall incur for the 2015 – 2016 (July 1, 2015 through June 30, 2016) fiscal year is **\$127,500** and the amounts appropriated from the Iowa Department of Public Health Local Public Health Services Contract. The amount of the LPHSC for FY16 is: **\$54,072.00**. Any LPHSC additional appropriation or de-appropriation during the fiscal year will be in the dollar amount stated on the Iowa Department of Public Health contract amendment face sheet. The RMC shall bill the County on a regular basis for services provided under the terms of the RMC Agreement. Payments to the RMC shall be made by the County on a regular basis for services provided by the RMC.
 4. RMC shall have the right to set charges and bill for services rendered in compliance with established billing procedures of RMC not in conflict with funding source requirements (i.e. Local Public Health Services Contract, Medicare, Medicaid, Blue Cross/Blue Shield and other such carriers).
 5. The Regional Medical Center will work with the County to complete year-end business related to Delaware County Public Health and Regional Medical Home Care and bill the County for related costs.
 6. The County or RMC may terminate THIS AGREEMENT by giving 90 days written notice to the other parties to this agreement. Upon termination of this agreement, the RMC shall:

- a. Deliver to the Board, all records in its possession relative to the duties carried out by the RMC pursuant to this agreement.
- b. Assign to the Board all its interest in any state, federal or other public grants or programs provided through the County or the Board for the provision of health services pursuant to this agreement beyond the amount required to cover services already delivered by RMC.

Consideration of Amending Current Sick Leave Policy

Last month, state legislators passed a bill amending Chapter 331 of the Code of Iowa in a manner which potentially impacted the Delaware County Sick Leave Policy. Even though the Board had been communicating with state legislators and was assured the passage of this bill would not affect the Board's current policy, the Board has been advised that the final version of the bill could possibly be in conflict with its current policies. In light of this fact, the Board feels compelled to amend its current policy to comply with the new legislation. However, they also feel obligated to those officials impacted by the amendment and feel it is important for the County to meet its prior obligations regarding this policy prior to any official change.

Motion made by Dabroski, second by Helmrichs and carried to approve the following resolution to amend the current Delaware County Sick Leave Policy:

**RESOLUTION No. 2015-020
Amending Sick Leave Policy**

WHEREAS, Delaware County presently has a sick leave policy providing sick leave benefits to all full-time county employees, department heads and elected officials; and

WHEREAS, it presently provides for sick leave to be accrued and, upon death or retirement, the accrued unused leave is converted as payment to a health savings account under said policy; and

WHEREAS, elected officials of Delaware County have served in their positions for many years; and

WHEREAS, elected officials have accrued large amounts of sick leave in reliance on the conversion of sick leave policy; and

WHEREAS, the Iowa Legislature recently amended Iowa Code section 331.401 to provide that "The Board shall not approve for payment to the auditor, treasurer, recorder, sheriff, county attorney, or to a supervisor a separation allowance or severance pay;" and

WHEREAS, due to this amendment going into effect on July 1, 2015, the County believes it is legally required to revise its sick leave policy to comply with the amendment; and

WHEREAS, the County believes it is obligated to honor the current policy to present elected officials and to protect the benefit for those current employees who may seek elected office prior to retirement.

NOW, THEREFORE, it is hereby resolved by the Board of Supervisors that all present elected officials shall receive the benefits they have accrued to date pursuant to the sick leave conversion policy prior to July 1, 2015,

IT IS FURTHER RESOLVED that beginning July 1, 2015, elected officials will no longer be eligible for the sick leave conversion policy;

IT IS FURTHER RESOLVED that the Board adopts the following revision to the current sick leave policy effective July 1, 2015:
Conversion of Sick Leave

Upon retirement, eligible employees will receive seventy-seven (77%) of their accumulated sick leave, up to a maximum of 130 days, paid into a health care savings plan. Upon an eligible employee's death, the employee's spouse and/or dependents will receive seventy-seven (77%) of the employee's accumulated sick leave, up to a maximum of 130 days, paid into a health care savings plan. Upon assuming the position of an elected official, a current eligible employee will receive seventy-seven (77%) of their accumulated sick leave, up to a maximum of 130 days, paid into a health care savings plan. For example, a current full-time employee who has accumulated 130 days at the time of retirement or death or upon assuming an elected official position, would be eligible to receive payment for 100 days. Payment will be made to the health care savings plan at the employee's regular straight time hourly rate at the time of retirement or death or upon assuming an elected official position. Eligibility for retirement under this plan is defined the same as eligibility for retirement under the Iowa Public Employment Retirement System. If no spouse or qualifying dependents exist at the time of death, the amount remaining in said health care savings plan will revert back to Delaware County and payment made by said County directly to the decedent's designated beneficiaries.

Motion made by Dabroski, second by Helmrichs and carried to approve the application for Disabled Veteran's Homestead filed by Allen Boehm on June 20, 2015 for taxes payable FY15-16. Mr. Boehm's application was originally disallowed since he did not meet the qualifications at that time. Subsequently, the Iowa legislators have passed HF166 which was signed into law by Governor Branstad on March 5, 2015. Said HF166 extends the disabled veterans homestead credit to those who meet the criteria of a permanent and total disability rating based on individual unemployability that is compensated at the 100% disability rate. FIXING DATE FOR A MEETING ON THE AUTHORIZATION TO REPAY THE \$100,000 TEMPORARY ADVANCE FROM THE GENERAL FUND TO THE RURAL SERVICES FUND IN TWO EQUAL INSTALLMENTS: \$50,000 IN FY 2014-15 AND \$50,000 IN FY 2015-16, AND PROVIDING FOR PUBLICATION OF NOTICE THEREOF"

WHEREAS, on June 2, 2014 it was approved by the Board of Supervisors that Delaware County, State of Iowa, should provide for the authorization of a temporary advance from the General Fund to the Rural Services Fund in an amount not to exceed \$100,000, as authorized by Sections 331.478 and 331.479, Code of Iowa, as amended, for the purpose of providing funds to reimburse the cost of carrying out essential county purpose projects as hereinafter described; and

WHEREAS, the advance was intended to be repaid from the Rural Services Fund in Fiscal Year 2014/2015; and

WHEREAS, the FY2014/15 fund balance in the Rural Services Fund is projected to be too low as of June 30, 2015 to repay the advance in full; and

WHEREAS, before the repayment restructuring be authorized, it is necessary to comply with the provisions of the Code of Iowa, as amended, and to publish a notice of the proposal and of the time and place of the meeting at which the Board proposes to take action for the authorization of amending the advance repayment and to receive oral and/or written objections from any resident or property owner of the County to such action;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF DELAWARE COUNTY, STATE OF IOWA:

Section 1. That this Board meet in the County Courthouse, 301 E. Main Street, Manchester, Iowa, at 1:15 o'clock P.M., on the 22nd day of June, 2015, for the purpose of taking action on the matter of the authorization to repay the \$100,000 temporary advance from the General Fund to the Rural Services Fund in two equal installments: \$50,000 in FY 2014/15 and \$50,000 in FY 2015/16.

Section 2. That the Auditor is hereby directed to cause at least one publication to be made of a notice of the meeting, in a legal newspaper, printed wholly in the English language, published at least once weekly, and having general circulation in the County, the publication to be not less than four clear days nor more than twenty days before the date of the public meeting on the issuance of Notes.

Section 3. The notice of the proposed action shall be in substantially the following form:

NOTICE OF MEETING OF THE BOARD OF SUPERVISORS OF DELAWARE COUNTY, STATE OF IOWA ON THE MATTER OF A RESOLUTION FIXING DATE FOR A MEETING ON THE AUTHORIZATION TO REPAY THE \$100,000 TEMPORARY ADVANCE FROM THE GENERAL FUND TO THE RURAL SERVICES FUND IN TWO EQUAL INSTALLMENTS: \$50,000 IN FY 2014-15 AND \$50,000 IN FY 2015-16, AND PROVIDING FOR PUBLICATION OF NOTICE THEREOF"

PUBLIC NOTICE is hereby given that the Board of Supervisors of Delaware County, will hold a public hearing on the 22nd day of June, 2015, at 1:15 o'clock P.M., in the County Courthouse, 301 E. Main Street, Manchester, Iowa, at which meeting the Board proposes to take additional action for the authorization for the repayment of the \$100,000 temporary advance from the General Fund to the Rural Services Fund, as authorized on June 2, 2014, to be made in two equal installments: \$50,000 in FY 2014-15 and \$50,000 in FY 2015/16.

At the above meeting the Board shall receive oral or written objections from any resident or property owner of the County, to the above action. After all objections have been received and considered, the Board will at this meeting or at any adjournment thereof, take additional action for the authorization of repaying the advance in two equal installments: one in FY 2014/15 and one in FY 2015/16.

This Notice is given by order of the Board of Supervisors of Delaware County, State of Iowa, as provided by Section 331.479 of the Code of Iowa, as amended.

Dated this 8th day of June, 2015.

Motion made by Helmrichs, second by Dabroski and carried to approve the following resolution:

RESOLUTION NO. 2015-022

Purpose: Authorize County to accept responsibility for Eastern Iowa Regional Housing Authority Environmental Review Record
WHEREAS, the Eastern Iowa Regional Housing Authority (EIRHA) received notice from the US Department of Urban Development (HUD) that EIRHA will be awarded a five-year Capital Fund Program (CFP) contract to complete upgrades to its public housing units; and
WHEREAS, HUD requires an environmental review to be conducted by EIRHA to be eligible to receive the CFP funding; and
WHEREAS, the EIRHA contracted with the ECIA Community Development Department to conduct the environmental review; and
WHEREAS, HUD requires that a local government accept responsibility for the environmental review; and
WHEREAS, Delaware County supports and endorses the work of the EIRHA in Delaware County.

THEREFORE, BE IT RESOLVED by the Delaware County Board of Supervisors that Delaware County approves the environmental review conducted by ECIA on behalf of the EIRHA for its CFP contract and authorizes the Chairperson to sign the environmental review documents.

/S/ Jeff Madlom, Chairperson

ATTEST: /S/ Carla Becker, County Auditor

ADOPTED: June 8, 2015

NOTE: There will be no direct budget impact for Delaware County as EIRHA is not part of the County's financial structure and EIRHA will be paying for the contractual costs of ECIA to complete the environmental reviews. All Ayes

Motion made by Dabroski, second by Helmrichs and carried to approve the hiring of Kristine Hansen as a full-time jailer with the Sheriff's Department effective June 8, 2015. Ms. Hansen will be paid \$13.22/hour for the remainder of the month of June. Effective July 1, 2015 the wage will be \$14.31/hour for the remainder of her six month probationary period. After successfully completing her probationary period, her wage will increase to \$15.10/hour. All Ayes

Presentation on 2015 Delaware County Fact Book – Karen Cameron with Oelwein Publishing Company

Karen Cameron, Oelwein Publishing Company, informed the Board that they have been asked to publish a 2015 version of the Delaware County Fact Book. She would like the Board to review the current book for areas which may need updated. It was suggested that all departments in the county review their sections for accuracy. She will e-mail a digital copy for distribution to the other departments. She anticipates the book will be published in early to mid-August. Any changes should be submitted to her no later than mid-July. The Board thanked her for the update. All members felt the book was very informative.

Motion made by Helmrichs, second by Dabroski and carried to approve the following probationary wage increases from 85% of the position wage to 90% of the positional wage for the completion of one year of employment with the Delaware County Secondary Roads Department:

<u>Employee</u>	<u>Current Wage</u>	<u>New Wage</u>	<u>Effective Date</u>
Jason Maiers	\$18.13/hour	\$19.20/hour	June 11, 2015
Dean Kelchen	\$18.13/hour	\$19.20/hour	June 16, 2015

ENGINEER'S REPORT

Turtle Creek Bridge Project – The cable guardrail was installed last week. Project is officially complete.

C64 Paving (200th Ave to Hwy 38) – Secondary Road crews are still working this week on building out the shoulders and foreslopes. The paving contractor is anticipating beginning work sometime in July.

Contract Rock – BARD has placed rock in most of the northern area of the county. They will be moving to the southern territories this week.

137th Street Bridge – Taylor Construction is looking to start the bridge construction around June 22, 2015.

197th Avenue Bridge – Taylor Construction is looking to start the bridge construction around July 20, 2015.

NEXT MEETING – The next regular session will be held on Monday, June 15, 2015 at 1:15 p.m.

PUBLIC COMMENTS – **Norman Wellman and John LeClere** updated the Board on the digital radio project within the county. Mr. Wellman stated that all law enforcement radios and handheld devices have been converted to new digital radios and portables. They have also put the system through an extensive test to identify "dead" zones. According to Mr. Wellman, even with the portable 5 watt units they could not find a spot in the county where they weren't able to send or receive communications.

Sheriff John LeClere stated that his deputies have commented that the clarity is unbelievable. The only complaint he has received is from members of the public who are using analog scanners to listen to law enforcement communications. These individuals will need to purchase a new digital scanner in order to hear the communications now.

The next hurdle will be county fire. With law enforcement there are 13 Sheriff's Deputies and 10 Manchester Police Officers. County fire will be much more expensive due to the vast number of units that will need to be purchased for each department between vehicle radios and portables. Also, you cannot do voice paging with a digital system. Instead, paging is alphanumeric such as a text would be. The Board thanked Mr. Wellman and Sheriff LeClere for their update.

Karen Cameron asked if the county was looking at having its deputies wear body cameras. Sheriff LeClere stated that he is in the process of evaluating what would be best for the county. The units vary widely with regards to price and storage capacity. There is also an issue with privacy. He would need to clarify if the footage from the camera would be public record and subject to the regulations of Chapter 22 of Iowa Code.

Motion made by Helmrichs, second by Dabroski and carried to adjourn the meeting at 2:01 p.m. All Ayes. These minutes have been read and approved.

Discussion Regarding Timeline for Filling Vacancy in Position of Delaware County Recorder

Chairperson Madlom stated that he has made each Board member a copy of the applications for their review. Next, the Board will need to determine a timeline to fill the vacancy. The Board is hoping to make an appointment to the position on July 1st. Members of the Board commented on the large variety of skill levels and knowledge base represented by the group of applicants. Each Board member expressed interest in having time to review the applications on their own first. Supervisor Helmrichs stated she would not want to interview more than the top five or six applicants. At their next meeting the Board felt they could determine which applicants to interview and delegate someone to set up the interviews.

Motion made by Helmrichs, second by Dabroski and carried to approve the credit card application for the Emergency Management Commission with a limit of \$2,000. The EMA Commission had met last week and approved the request for a credit card for use by its Coordinator Mike Ryan. However, the EMA Commission requested a credit limit of \$5,000. During the Board's discussion it was noted that the largest credit limit for any county department was currently \$3,500. Most departments were between \$1,500 and \$2,500. Those departments with credit limits at \$3,000 to \$3,500 also had several employees. Since the Emergency Management Department only has one current employee, the Board felt that a limit of \$2,000 was sufficient to begin with. The credit limit can always be revisited in the future as the need arises. All Ayes

ENGINEER'S REPORT

C64 Paving (200th Ave to Hwy 38) – Secondary Road crews are still working on the foreslopes and shoulders this week. They are in the last mile of the work to be done. A preconstruction meeting for the paving project will be this week which should give us a better idea of when work will begin.

Contract Rock – BARD has about 3 days of work remaining to complete their contracts. River City Stone has notified us that they will begin their areas either this week or next week.

137th Street Bridge – Taylor Construction is looking to start the bridge construction around June 22, 2015.

197th Avenue Bridge – Taylor Construction is looking to start the bridge construction around July 20, 2015.

NEXT MEETING – The next regular session will be held on Monday, June 22, 2015 at 1:15 p.m.

PUBLIC COMMENTS

Shirley E. Helmrichs - Supervisor Helmrichs shared an e-mail from Lake Delhi Trustee President Steve Leonard regarding the recent failure of the temporary coffer dam at the construction site. Mr. Leonard stated as follows:

"The temporary coffer dam is inadvertently releasing water downstream. During the construction process we were storing minimal water upstream which is now releasing downstream. All emergency personnel have been notified. We will keep you all informed as we find out more. Our engineering firm and construction company will be doing a considerable amount of work to understand the impact and the remedy."

Supervisor Helmrichs continued by stating that the sheet pilings bent under the pressure of the recent rainfall. According to Pat Colgan, Lake Trustee and former dam engineer, it is not uncommon to have a temporary coffer dam fail during construction. He feels they should have things buttoned down in a week to 10 days.

Motion made by Dabroski, second by Helmrichs and carried to adjourn the meeting at 1:44 p.m. All Ayes. These minutes have been read and approved.
