

Iowa Newborn Birth Certificate Wallet Cards

**Issued from 1993 through 2009 will be exchanged at no cost
to the entitled customer**

The Iowa Department of Public Health Bureau of Health Statistics is taking steps to exchange any newborn birth certificate issued from May 1993 to October 2009, where the birth certificate is a small wallet-size card. The newborn birth certificate wallet cards issued during this time period did not contain enough vital record information to be used for identification purposes, essentially making them useless documents for the purpose they are intended to be used for. Contact the Delaware County Recorder's office located at 301 E. Main Street #204, Manchester, Iowa or call the Delaware County Recorder's office at 563-927-4665 and they will assist you.
